1.3 **Period of Completion**

For Dismantling & Shifting of Equipment: Two months from the date of issue of work order.

For positioning, installation, commissioning & trial run of equipments: The Plant Manager of respective dairies shall notify the contractor for start of the work. The work should be completed within two months from the date of issue of notice.

1.4 **IMPORTANT NOTE**

Period of completion of work is very vital for this project. The work has to be carried out strictly as per the work programme.

2.0 **Eligibility and Qualification requirements: -**

- 2.1 The bidder should have minimum Five years' experience in the related field like dismantling/shifting/installation/Erection & commissioning of dairy equipments.
- 2.2 Annual Sales turn over should not to be less than 10 lakhs during the financial year 2018-2019, 2019-2020, 2020-2021.
- 2.3 The bidder shall furnish documents in accordance to clause no.9 for establishing eligibility

3.0 **Price basis:**

3.1 **For Dismantling, Shifting:**

Bidder shall submit the rate for both dismantling and shifting (jointly). The quoted prices for the equipment's to be shifted shall be on FOR destination basis, both the rates shall be inclusive of all taxes, duties, packing & forwarding charges, transportation, insurance and other incidental charges, loading & unloading charges etc. as applicable.

Bidders are required to give break up of unit rates & quantities of each & all items to be supplied for the purpose of the contract.

3.2 **For erection/installation, testing, commissioning, trial run & handing over:**

Bidders shall submit separate rates for complete installation, testing and commissioning, including satisfactory performance trial run for 30 days.

Prices quoted towards erection, testing & commissioning of Dairy Equipment should be inclusive of all taxes & duties, insurance and other incidental charges as applicable

4.0 **Cost of Bidding**

The Bidder shall bear all costs associated with the preparation and submission of its bid, and the Orissa State Cooperative Milk Producers' Federation Limited, hereinafter referred to as "THE OMFED", will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

B. THE BIDDING DOCUMENTS

5.0 CONTENT OF BIDDING DOCUMENTS

5.1 The goods required, bidding procedures and contract terms are prescribed in the bidding documents. In addition to the tender notice, the bidding documents include:

- (a) Instruction to bidders;
- (b) General Conditions of Contract;
- (c) Special Conditions of contract (for Erection works);
- (d) Special Conditions of contract (for Mechanical installation);
- (e) Schedule of quantities;
- (f) Form of Agreement;
- (g) Bid Form;
- (h) Schedule of Supp. Information;
- (i) Standard Forms of Bank Guarantees;

5.2 The Bidder is expected to examine all instructions, forms, terms and specifications in the bidding documents. Failure to furnish all information required by the bidding documents or submission of a bid not substantially responsive to the bidding documents in every respect will be at the bidder's risk and may result in the rejection of its bid.

6.0 Amendment of Bidding Documents

6.1 At any time prior to the deadline for submission of bids, the OMFED may, for any reason, whether at its own initiative or in response to a clarification requested by a prospective Bidder, modify the Bidding Documents by amendment.

6.2 The amendment will be notified in the website to all prospective Bidders. The amendment should be attached to the bidding documents.

6.3 In order to afford prospective Bidders reasonable time in which to take the amendment into account in preparing their bids, the OMFED may, at its discretion, extend the deadline for the submission of bids.

7.0 Bid form

The Bidder shall complete the bid Form and the schedule of quantities furnished in the Bidding Documents, indicating for the goods to be supplied, a brief description of the goods, quantity and prices.

8.0 Bid Prices

8.1 The bidder shall indicate in the schedule of quantities, provided in this document, the unit prices and total Bid prices of the Dairy Equipment to be shifted under the Contract, on FOR destination basis, inclusive of all taxes & duties, packing & forwarding charges transportation, insurance and other incidental charges, loading & unloading charges etc. as applicable.

8.2 Bidders are requested to visit the site for an actual assessment prior to submitting the bids.

8.3 It is mandatory on the part of the bidders to quote for all dairies for dismantling, shifting work or positioning, erection, commissioning & trial run of the equipments. The bidder can quote for both or

- a) Dismantling, loading and shifting work to all destination plants.
- b) Positioning, erection, commissioning & trial run of the equipments for all plants.

8.4 It is not mandatory for bidders to quote for dismantling, shifting work and positioning, erection, commissioning & trial run of the equipment as a whole.

8.5 **Bidders shall provide the break-up of their offered prices separately in the following manner:**

- (i) Charges for packing and forwarding, inland transportation, insurance and other costs incidental to delivery of the goods to their final destination; and other taxes already paid or payable:

9.0 Documents Establishing Bidders' Eligibility and Qualifications

9.1 The Bidder shall furnish, as part of its bid, documents establishing the bidder's eligibility to bid and its qualifications to perform the contract if its bid is accepted. The bidder should also give information in the format attached to the Bid document.

9.2 The documentary evidence of the Bidder's qualification to perform the contract if its bid is accepted, shall establish to the OMFED'S satisfaction:

- a) That the bidder has the financial, technical and production capability necessary to perform the contract. To this end, all bids submitted shall include the following information along with Schedule-I and schedule-II under Section VIII:
 - i) Copies of original documents defining the constitution or legal status, place of registration and principal place of business of the company or firm or partnership etc.
 - ii) Details of experience and past performance of the bidder on equipment offered and on those of similar nature within the past 5 years and details of current contracts in hand and other commitments;
 - iii) Major items of plant and equipments installed at the client's factory premises;
 - iv) Qualification and experience of key personnel for successful execution of the contract;
 - v) Reports on financial standing of the bidder such as profit and loss statements, balance sheets and auditor's report of the past three years, bankers certificates etc;
 - vi) Information regarding any current litigation in which the bidder is involved.

10.0 Bid Security (Earnest Money Deposit)

10.1 The Bidder shall furnish, as part of its bid, **bid security of Rs.2, 00,000/-**.

10.2 The bid security is required to protect the OMFED against the risk of bidder's conduct, which would warrant the security's forfeiture, pursuant to para.10.7.

10.3 The bid security shall be in one of the following forms:

- (a) A Bank guarantee issued by a Nationalized bank located in India in the form provided in the Bidding Documents, and valid for 30 days beyond the validity of the bid, or

(b) A demand draft in favor of ORISSA STATE CO-OPERATIVE MILK PRODUCERS' FEDERATION LTD., Payable at Bhubaneswar.

10.4 Any bid not secured in accordance with Para's. 10.1 and 10.3 shall be rejected by the OMFED as non-responsive.

10.5 Unsuccessful bidder's bid security will be discharged/returned as promptly as possible but not later than 30 days after the expiration of the period of bid validity.

10.6 The successful Bidder's bid security will be discharged upon the bidders executing the agreement.

10.7 The bid security may be forfeited:

(a) If a bidder withdraws its bid during the period of bid validity specified by the bidder on the bid form; or

In the case of successful bidder, if the bidder fails to sign the contract.

11.0 Period of validity of bids

11.1 Bids shall remain valid for **90 days** from the date of bid opening, stated in the cover page/ tender notice. A bid valid for a shorter period may be rejected by the OMFED as non-responsive.

12.0 Signing of Agreement

Within 15 days of receipt of the notification of award of contract, the successful bidder shall prepare & sign the agreement, in the format provided in this bidding document, and send the same to the OMFED along with a duplicate copy. The original contract form shall be retained by the OMFED, & a duplicate copy of the same shall be sent to the contractor, after it has been signed and dated.

13.0 Performance Security Deposit

13.1 Within 15 days of receipt of the notification of award of contract from the OMFED, the successful bidder shall furnish the performance security deposit of **Rs.25.00lakhs (for dismantling & shifting work) and Rs.5.00lakhs (for positioning, erection, commissioning & trial run work)**, either in the form of a Bank guarantee valid for **six months** from the date of award of contract (as per the performance security form provided in the bidding document) or in the form of demand draft drawn in favor of OMFED, payable at Bhubaneswar.

13.2 The performance security deposit (PSD) shall be refunded after three months of completion of work.

13.3 The PSD shall be forfeited in case the bidder fails to complete the obligation and leave the work in midway.

SECTION -III.

GENERAL CONDITIONS OF CONTRACT

1. Definitions

1.1 In this contract, the following terms shall be interpreted as indicated.

- (a) "The contract" means the agreement entered into between the OMFED and the contractor, as recorded in the contract form signed by the parties, including the notification of award, all attachments and appendices thereto and all documents incorporated by reference therein;
- (b) "The contract price" means the price payable to the contractor under the contract for the full and proper performance of its contractual obligations;
- (c) "The goods" means all of the equipment, machinery, and/or other materials which the contractor is required to supply to the OMFED under the contract;
- (d) "Services" means services ancillary to the supply of the goods, such as transportation and insurance, and any other incidental services, such as installation, testing, commissioning, performance trial run for 30 days, provision of technical assistance, training and other such obligations of the contractor covered under the contract;
- (e) "The OMFED" means the organization purchasing the goods and services under the contract i.e. ORISSA STATE COOPERATIVE MILK PRODUCERS' FEDERATION LTD.
- (f) "The contractor" means the individual(s) or firm(s) supplying the goods under this contract i.e., with which an agreement has been signed by the OMFED for supply of goods & services required elsewhere in this document.

2. APPLICATION

These general conditions shall apply to the extent that they are not superseded by provisions in other parts of the contract.

3.0 Use of Contract and Information

3.1 The contractor shall not, without the OMFED'S prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample or information furnished by or on behalf of the OMFED in connection therewith, to any person other than a person employed by the contractor in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.

3.2 The contractor shall not, without the OMFED'S prior written consent, make use of any document or information enumerated in para.4.1 except for purposes of performing the contract.

3.3 Any document, other than the contract itself, enumerated in Para. 3.1 shall remain the property of the OMFED and shall be returned (in all copies) to the OMFED on completion of the contractor's performance under the contract if so required by the OMFED.

4. Dismantling, Packing and Marking

4.1 The contractor shall dismantle the required Dairy Equipment/Pump/Motor manually or mechanically from its foundation without disturbing any Civil work or mechanical work like equipment/pipeline & fittings or any electrical item etc installed inside the Plant.

4.2 The contractor shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to temperature, salt and precipitation during transit and open storage. Packing case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit & destination.

4.3 The packing, marking and documents within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, required by law, in any subsequent instructions ordered by the OMFED.

4.4 Each package shall be marked to indicate:

- a) Name of the contractor
- b) Details of items in the package
- c) Name of the consignee
- d) Order number
- e) Gross/net and tare weights of the item
- f) Destination

5. Delivery and documents

5.1 Delivery of the Dairy/Mechanical Equipment's shall be made by the contractor for destination, by road.

5.2 The following documents shall be provided by the contractor:
Original and three copies of:

- (i) The contractor's invoice showing order no. Goods description, quantity, unit price, total amount;
- (ii) Delivery note/packing list/lorry receipt;
- (iii) Gate Pass issued by the authorized person from Bhubaneswar Dairy;
- (iv) Insurance policy;
- (v) Excise gate pass/octree receipts, wherever applicable, duly sealed indicating payments made

- (vi) E-waybill; and
- (vii) Any other document evidencing payment of statutory levies.

Note: The nomenclature used for the item description in the invoice/s, packing list/s and delivery note/s etc. should be identical to that used in the order. The dispatch particulars including name of transporter, LR no. and date should also be mentioned in the invoice/s.

6. Insurance:

6.1 For dismantling & shifting of equipments:

The safety of the equipments / items during dismantling, transportation and shifting, Positioning etc. are in the risk of the bidder. Any damage / loss occurred shall be recovered from bills of the bidder.

The bidder shall have to arrange **all transit risk insurance warehouse to warehouse basis**, including strike clauses, for an amount equal to 110 % of the FOR-destination value of the Goods, valid for a period of not less than 3 months after the expected date of arrival of Goods at destination.

In the event of any damage to/loss of consignment during transit, it will be the bidder's responsibility to lodge necessary claims with the carriers/ underwriters and pursue them till settlement. Since the insurance policy will be in our name, if required, we shall give you necessary authorization letter authorizing you to lodge and pursue claims on our behalf with the carriers/ underwriters. Also you shall have to make good the losses/ damages occurred in transit by making replacement /payment to us in the first instance and if claims are settled by the underwriters and any amounts are realized by us, the amounts thus realized in settlement of claims shall be reimbursed to you. In other words, the prima facie responsibility rests on you for getting compensation of the damage/losses incurred if any, due to all transit hazards.

6.2 During storage at site:

The contractor shall arrange for insurance of all items stored/ received at the site including the items of supply covered under this contract& the contractor shall furnish necessary details of such insurance to the OMFED, on demand. Any default on the part of the contractor due to which any item does not get covered under insurance; the consequential losses shall be charged to the contractor.

The contractor shall arrange for insurance of all the items brought by him to the site for use during the execution of the contract, till handing over of the complete job.

6.3. Transportation

The contractor is required to deliver the Goods FOR Destination, by road. Transport of the goods to the destination shall be arranged through a reputed and Bank approved

transporter having local offices at destination and Bhubaneswar, and shall be paid for by the contractor.

7. Incidental services

7.1 The contractor is required to provide the following services:

- a) Performance of on-site assembly, installation, hooking-up to existing system, Start-up, testing, commissioning, performance trial run for a period of 30 days and handing over of the supplied goods;
- b) Furnishing of tools & tackles required for assembly, installation & commissioning of the shifted equipments;

7.2 Prices charged by the contractor for the preceding incidental services are to be included in the price of the contract.

8. Terms of payment

8.1 For Dismantling & Shifting of Equipment.

100% payment on safe arrival of material at site

All payments are subject to deduction of statutory dues as applicable.

8.2 For positioning, installation, commissioning & trial run of equipments.

100% payment after successful completion of positioning, installation, commissioning & trial run of equipments.

NOTES-:

- i) For all the payments to be made against Bank guarantees, the bank guarantee shall be issued by a nationalized bank located in India.

8.3The contractor's request(s) for payment shall be made to the Managing Director, OMFED in writing, accompanied by an invoice describing, as appropriate, the goods delivered and services performed, and by shipping documents and upon fulfillment of other obligations stipulated in the contract.

9. Change orders

9.1 The OMFED may, at any time, by a written order given to the contractor, pursuant to clause 16, make changes within the general scope of the contract in any one or more of the following:

Drawings, designs or specifications, where goods to be furnished under the contract are to be specifically manufactured for the OMFED;

- (a) The method of shipment or packing;
- (b) The place of delivery; or
- (c) The services to be provided by the contractor.

9.2 If any such change causes an increase or decrease in the cost of, or the time required for, the contractor's performance of any part of the work under the contract, whether changed or not changed by the order, an equitable adjustment shall be made in the contract price or delivery schedule, provided that such claims by contractor are reasonable & to the satisfaction of the OMFED. Any claims by the contractor for adjustment under this clause must be asserted within thirty (30) days from the date of the contractor's receipt of the OMFED's change order.

10 Contract Amendment

Subject to clause 9, no variation in or modification of the terms of the contract shall be made except by written amendment signed by the OMFED.

11 Delays in the contractor's performance

11.1 Deliveries in the goods and performance of services shall be made by the contractor in accordance with the time schedule specified by the OMFED, in Section –I of the bidding documents.

11.2 An unexcused delay by the contractor in the performance of its delivery obligations shall render the contractor liable to any or all of the following sanctions: - , imposition of liquidated damages, and/ or termination of the contract for default.

11.3 If at any time during performance of the contract, the contractor or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services. The contractor shall promptly notify the OMFED in writing of the fact of the delay, its likely duration and its cause (s). As soon as practicable after receipt of the contractor's notice, the OMFED shall evaluate the situation and may at its discretion extend the contractor's time for performance, in which case the extension shall be notified to the contractor by amendment of the contract.

12.0 Time for completion

Subject to any requirement in the contract as to completion of any section of the works before completion of the whole, the whole of the works shall be completed, within the time stated in section–I of the bidding documents.

13.0 Penalty for Delay

13.1 If the contractor shall fail to achieve completion of the works within the specified time, then the contractor shall pay to the OMFED the sum at the rate of 0.5 % (half percent) of

the total value of work done under the contract, as a penalty, for every week or part of the week which shall elapse, between the time prescribed & the date of certified completion of the work. The OMFED may without prejudice to any other method of recovery, deduct the amount of such penalty from any payment in its hands, due or which may become due to the contractor. The payment or deduction of such penalty shall not relieve the contractor from obligations to complete the works, or from any other of his obligations and liabilities under the contract.

- 13.2 The aggregate maximum of the penalty for delay payable to the OMFED under this clause shall be subject to a maximum of 10 % of the total value of work.
- 13.3 The criteria for deriving the penalty for delay shall be the actual value of works executed and the amended time of completion.
- 13.4 Any incremental taxes and levies due to the delay in the performance of the contract by the contractor shall be to the contractor's account.

14. Force Majeure

- 14.1 Notwithstanding the provisions of clauses hereof, the contractor shall not be liable for forfeiture of liquidated damages or termination for default, if and to the extent that, its delay in performance or other failure to perform its obligations under the contract is the result of an event of force majeure.
- 14.2 For purposes of this clause, "force majeure" means an event beyond the control of the contractor and not involving the contractor's fault or negligence and not foreseeable. Such events may include, but are not restricted to, acts of the OMFED either in its sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
- 14.3 If a force majeure situation arises, the contractor shall notify the OMFED in writing of such condition and the cause thereof, within 7 days. Unless otherwise directed by the OMFED in writing, the contractor shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

15.0 Termination for Insolvency

The OMFED may at any time terminate the contract by giving written notice to the contractor, without compensation to the contractor, if:

- (a) The contractor becomes bankrupt or otherwise insolvent,
- (b) The contractor being a company is wound up voluntarily by the order of a court receiver, liquidator or manager appointed on behalf of the debenture holders or circumstances shall have arisen which entitle the court or debenture holders to appoint a receiver, liquidator or a manager,

Provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the OMFED.

16.0 Arbitration

All disputes or differences in respect of which the decision is not final and conclusive shall, on the initiative of either party, be referred for adjudication as per the Arbitration and Conciliation Act 1996

16.1 Applicable law

The contract shall be interpreted in accordance with the laws of the union of India.

17.0 Taxes and Duties

The contractor shall be entirely responsible for all taxes, duties, license fees etc. incurred until handing over of the contractor goods and services to the OMFED. All Government fees paid for inspections and approvals by statutory authorities shall be reimbursed by the OMFED on production of copy of treasury Challan for same. Service charges for depositing the govt. fees or submission of requisite forms with the statutory authorities shall be not being admissible.

18.0 Jurisdiction

For the settlement of any dispute arising out of the contract against this bid, only the courts at Bhubaneswar shall have jurisdiction.

SECTION-IV

SPECIAL CONDITIONS OF CONTRACT

ERECTION & COMMISSIONING OF EQUIPMENT

1.0 Sufficiency of Tender

The contractor by bidding shall be deemed to have satisfied himself as to all the conditions and circumstances affecting the contract price, as to the possibility of executing the works as shown and described in the contract, as to the general circumstances at the site of the works, as to the general labor position at site, and to have determined the prices accordingly.

2.0 The contractor shall submit to the OMFED for approval:

- a) Within the time given in the specification or in the program, such pipeline drawings, may be called for therein, and in numbers therein required.
- b) During the progress of works and within such reasonable times as the OMFED may require such drawings of the general arrangement and detailed of the works as the OMFED may require.

The specifications/conditions concerning the submission of drawings by the contractor are detailed as under:

The OMFED shall signify his approval or disapproval of all drawings or such drawings that would affect progress of the contract as per the agreed programmer.

Brief list of drawings:

- i) Equipment layout drawing at respective section of all Dairy units.
- ii) Service piping layout in production and service blocks.
- iii) Electrical cable, conduit/cable tray layout.
- iv) Other miscellaneous drawings as required for erection work.
- v) Civil drawings for foundation of equipment to be installed.

3.0 Contractor's superintendence and deployment of erection team and conduct of personnel

The contractor representative may visit the site once before planning the execution of work for own convenience. The agency shall employ one or more competent representatives, whose name or names shall have previously been communicated in writing to the OMFED by the contractor, to superintend the carrying out of the works on the site. The said representative or if more than one shall be employed, then one of such representatives shall be present on the site during all times, and any orders or instructions which the OMFED may give to the said representative of the contractor shall be deemed to have given to the contractor.

The said representative shall have full technical capacities and complete administrative and financial powers to expeditiously and efficiently execute the work under the contract.

The contractor shall, execute the works with due care and diligence within the time for completion and employ contractor's team comprising qualified and experienced engineers together with adequate skilled, semi-skilled and Unskilled workmen in the site for carrying out the works. The contractor shall ensure adequate work force to keep the required pace at all times as per the schedule of completion. The contractor shall also ensure availability of competent engineers during commissioning / start up, trial runs, operation of the plant / equipment till handing over of the plant.

4.0 OMFED'S Instructions

The OMFED may in his absolute discretion, issue from time-to-time drawings regarding any Civil work (if required) and/or instructions, directions and clarifications which are collectively referred to as OMFED's instructions in regard to:

Any additional drawing and clarifications to exhibit or illustrate details.

Variations or modifications of the design, quality or quantity of work or additions or omissions or substitution of any work.

Any discrepancy in the drawings or between the schedule of quantities and/or specifications.

Damage to any property of OMFED during dismantling or shifting/positioning are unacceptable to OMFED and requisite amount shall be deducted against the above from the Contractor's bill.

Damage to any Dairy/Mechanical Equipment during shifting.

Removal from the site of any material brought there by the Contractor, which are unacceptable to the OMFED and the substitution of any other material thereof. Removal and/or re-execution of any work erected by the Contractor, which are unacceptable to the OMFED.

Dismissal from the work of any persons employed there upon who shall in the opinion of the OMFED, misconduct himself, or be incompetent or negligent.

Opening up for inspection of any work covered up.

Amending and making good of any defects.

5.0 Rights of the OMFED

5.1 Rights to direct works:

The OMFED shall have the right to direct the manner in which all works under this contract shall be conducted, insofar as it may be necessary to secure the safe and

proper progress and specified quality of the works. All work shall be done and all materials shall be furnished to the satisfaction and approval of the OMFED.

Whenever in the opinion of the OMFED, the Contractor has made marked departures from the schedule of completion or when circumstances or requirement force such a departure from the said schedule, the OMFED, in order to ensure compliance with the schedule, shall direct the order, pace and method of conducting the work, which shall be adhered to by the Contractor.

If in the judgment of the OMFED it becomes necessary at any time to accelerate the overall pace of the plant erection work, the Contractor, when directed by the OMFED, shall cease work at any particular point and transfer Contractor's men to such other point or points and execute such works, as may be directed by the OMFED and at the discretion of the OMFED.

5.2 Right to inspect the work

The OMFED representative shall be given full assistance in the form of the necessary tools, instruments, equipment and qualified operations to facilitate inspection.

The OMFED reserves the right to call for the original test certificates for all the materials used in the erection work.

In the event the OMFED's inspection reveals poor quality of work/materials, the OMFED shall be at liberty to specify additional inspection procedures if required, to ascertain Contractor's compliance with the specifications of erection work.

Even though inspection is carried out by the OMFED or their representatives, such inspection shall not, however, relieve the Contractor of any or all responsibilities as per the contract, nor prejudice any claim, right or privilege which the OMFED may have because of the use of defective or unsatisfactory materials or bad workmanship.

6.0 Contractor's functions

The Contractor shall provide everything necessary for proper execution of the works, according to the drawings, schedule of quantities and specifications taken together whether the same may or may not be particularly shown or described therein, provided that the same can reasonably be inferred there from and if the Contractor finds any discrepancy therein, he shall immediately refer the same to the OMFED whose decision shall be final and binding on the Contractor.

The Contractor shall proceed with the work to be performed under this contract in the best and workman like manner by engaging qualified and efficient workers and finish the work in strict conformance with the drawings and specifications and any changes/modifications thereof made by the OMFED.

The work shall be carried out as approved by the OMFED or his authorized representative/s from time to time, keeping in view the overall schedule of completion of

the project. The Contractor's job schedule must not disturb or interfere with OMFED's or the other Contractor's schedules of day-to-day work. The OMFED will provide all reasonable assistance for carrying out the jobs.

Night work will be permitted only with prior approval of the OMFED. The OMFED may also direct the Contractor to operate extra shifts over and above normal day shift to ensure completion of contract as per schedule. Adequate lighting wherever required should be provided by the Contractor at no extra cost. The Contractor should employ qualified electricians and wiremen for these facilities. In case of Contractor's failure to provide these facilities and personnel, the OMFED has the right to arrange such facilities and personnel and to change the cost thereof to the Contractor, on actual cost basis.

6.1 Third Party Insurance

Before commencing the execution of the works the Contractor, but without limiting his obligations and responsibilities, shall insure against his liability for any material or physical damage, loss or injury which may occur to any property, including that of the OMFED, or to any person, including any employee of the OMFED, or by arising out of the execution of works or in the carrying out of the Contract.

The Contractor shall, produce to the Engineer/OMFED the policy or policies of insurance and the receipts for payment of the current premiums, as and when required.

The terms shall include a provision whereby, in the event of any claim in respect of which the Contractor would be entitled to receive indemnity under the policy being brought or made against the OMFED, the insurer will indemnify the OMFED against such claims and any costs, charges and expenses in respect thereof.

Such insurance shall be for an amount not less than Rs.1, 00,000/- per occurrence, with the number of occurrences unlimited.

6.2 Duties of contractor Vis-à-vis other contractors:

Whenever proper execution of the work under the contract depends on the jobs carried out by some other Contractor, in such cases the Contractor should inspect all such erection and installation jobs and report to the OMFED regarding any defects or discrepancies. The Contractor's failure to do so shall constitute as acceptance of the other Contractor's installation/jobs as fit and proper for reception of Contractor's works.

The Contractor should also report any discrepancy between the executed work and the drawings.

The Contractor shall extend all necessary help/co-operation to other Contractor's working at the site in the interest of the work.

6.3 Preparation of foundation surfaces etc. for Erection of equipment's:

The Contractor shall construct the foundation for the Dairy Equipment to be installed at respective section of Dairy Plant. The drawing regarding the Civil work must be

approved by OMFED. The Contractor shall carry out final adjustments of foundations, leveling and dressing of foundation surfaces, bedding and grouting of anchor bolts, bed plates etc, required for seating of equipment in proper position. The Contractor shall be responsible for the reference lines and proper alignment of the equipment. However, all required civil works which form and inseparable part of the installation and erection job like equipment foundation, making cut-outs in walls, floors and ceilings for pipelines, adjustment, leveling, dressing and grouting of foundations, grouting of supports are to be carried out: by the Contractor at no extra cost. The necessary refilling/repairs of these cutouts, pockets and trenches shall be done by the Contractor: **The Contractor should arrange for laying the supports, cut-outs, grouting of bolts, etc**, when the civil works are in progress, so as to avoid refilling/repair works. The damages occurring to civil and other works are to be made good by the Contractor at Contractor's own costs.

7.0 Supply of tools, tackles and materials

The Contractor shall, at his own expense, provide all the necessary equipment, tools and tackles, haulage power, consumables, lubricants & sundries necessary for effective execution and completion of the works during erection, testing, commissioning & trial run.

8.0 Protection of plant

The OMFED shall not be responsible or held liable for any damage to person or property consequent upon the use, misuse or failure of any erection tools and equipment used by the Contractor or any his sub-Contractor's even though such tools and equipment may be furnished, rented or loaned to the Contractor or any of his sub-Contractors. The acceptance and / or use of any such tools and equipment by the Contractor or his sub-Contractor shall be construed to mean that the Contractor accepts all responsibility for and agrees to indemnify and save the OMFED from any and all claims for said damages resulting from the said use, misuse or failure of such tools and equipment.

The Contractor or his sub-Contractor shall be responsible during the works, for protection of work, which has been completed by other contractors. Necessary care must be taken to see that the Contractor's men cause no damage to the same during the course of execution of the work.

All other works completed or in progress as well as machinery and equipment that are liable to be damaged by the Contractor's work shall be protected by the Contractor and protection shall remain and be maintained until its removal is directed by the OMFED.

The Contractor shall effectively protect from the effects of weather and from damages or defacement and shall cover appropriately, wherever required, all the works for their complete protection.

The contractor shall carry out the work without damage to any work and property adjacent to the area of Contractor's work to whomsoever it may belong and without interference with the operation of existing machines or equipment.

The Contractor shall take full responsibility for the care of the works or any section or portions thereof until the date stated in the taking over certificate issued in respect thereof and in case any damage or loss shall happen to any portion of the works not taken over as aforesaid, from any cause whatsoever, the same shall be made at the sole cost of the Contractor and to the satisfaction of the OMFED. The Contractor shall also be liable for any loss of or damage to the works occasioned by the Contractor or his sub-Contractor in the course of any operations carried out by the Contractor or his sub-Contractors for the purpose of completing any outstanding work or complying with the Contractor's obligations.

9.0 Dismantling, Loading, Unloading, transportation and inspection

The Contractor shall be required to dismantle the Dairy/Mechanical Equipment from Bhubaneswar Dairy, load, unload all the materials/equipment from the carriers. The Contractor shall plan in advance, based on the information received from the OMFED, Contractor's requirement of various tools, tackles, jacks, cranes, sleepers etc. required to load/unload the material/equipment promptly and efficiently. The Contractor shall ensure that adequate and all measures necessary to avoid any damage whatsoever to the equipment at the time of unloading are taken.

Any demurrage / detention charges incurred due to the delay in unloading the material/equipment and releasing the carriers shall be charged to the Contractor's account.

The Contractor shall be responsible for the reception and safe storage on site of all plant and equipment delivered or handled over to the Contractor, for the purposes of the contract.

The Contractor shall safely transport/shift the unloaded materials/equipment to the storage area and/or the place of work, as the case may be.

The materials/equipment would be carefully unpacked by the opening the wooden cases/other modes of packing as the case may be.

In case of equipments / materials to be supplied by the OMFED, all the materials / equipment's received from OMFED prior to arrival of the Contractor at site, shall be handed over to the contractor who shall, thereupon, inspect the same & furnish the receipt to OMFED.

Detailed inventory of various items shall be prepared clearly listing the shortages, breakages / damages after checking the contents with respect to the Contractor's packing list, OMFED's order and approved drawings. The contractor shall also check every equipment for any shortage/shortcoming that may create difficulty at the time of installation, commissioning & trial run.

The protection, safety and security of the materials shall be the responsibility of the contractor, until they are handed over to the OMFED after erection, commissioning and testing and performance trial run as per the terms of the Contract.

10.0 Approvals

The contractor shall obtain the necessary approvals of Factories & Boilers Inspectorate, Electrical Inspectorate, Legal Meteorology dept., Explosives Inspectorate and any other state/local authorities, as may be statutorily required or as may be directed by OMFED, and the cost of obtaining such approvals shall be included in the Contract price.

All the necessary details, drawings, submission of application and proforma will be furnished by the Contractor to the OMFED for verification/signature, and shall therefore be submitted to the appropriate authorities for approval.

The Contractor on behalf of OMFED shall submit the necessary application duly filled-in, together with the prescribed fees to the appropriate authorities. However, all the actual statutory fees paid by the Contractor shall be reimbursed by OMFED upon production of receipt. The contractor shall also make all necessary arrangements for inspection of the works by the statutory authorities, as and when required. Cost of all such inspections shall be included in the contract price.

Whenever necessary or required, the contractor shall furnish the necessary test and/or inspection certificates etc, from the appropriate authorities as per IBR, IER and other statutory regulations and the cost of obtaining these certificates shall be included in the contract price.

Any modifications or changes required or advised by the appropriate authorities during the course of inspection and/or the contractor at his own cost shall carry out approval.

11.0 Review and co-ordination of erection work

The Contractor shall depute senior and competent personnel to attend the site co-ordination meetings that would generally be held at the site every month. The Contractor shall take necessary action to implement the decisions arrived at such meetings and shall also update the erection schedule, accordingly.

SECTION -IV (A)
SPECIAL CONDITIONS OF CONTRACT
(FOR MECHANICAL INSTALLATION)

1.0MECHANICAL INSTALLATION

The installation work would comprise of:

- a) General installation i.e. positioning and installing all the equipment's as per approved layout drawings and as per the contract.
- b) Supply and installation of structural platforms and tables. The agency shall construct the civil foundation as per approved drawings of OMFED if required for installation of equipment.
- c) Supply and installation of all service piping including ancillary items.
- d) Insulation and cladding of piping equipment and electrical auto tracing of LSHS, including supply of materials.
- e) Interconnections of services and electrical with equipment.
- f) Guide line for expansion work.
- g) Clean up of work site.
- h) Supply of all cleaning chemicals and lubricants,
- i) Testing, commissioning and start-up.

2.0 GENERAL INSTALLATION

2.1 Positioning of equipment.

The work involves preparation of access for moving of the plant and equipment including their fittings from the work site or from the place within the site where they have been unloaded, to the place of erection and placing on the foundation wherever required is within the scope of bidder. All the civil foundations as per the manufacturer / Contractor's drawings shall be arranged by the bidder. The Contractor shall place the equipment and carry out final adjustment of the foundations including alignment and dressing of foundation surface, embedding and grouting of anchor bolts and bedplates.

The Contractor shall be responsible for obtaining correct reference lines for purpose of fixing the alignment of various equipment. Tolerances shall be as specified in equipment manufacturers drawings or as stipulated by the OMFED's Engineer. No equipment shall be permanently bolted down to foundations or structure until the alignment has been checked by the Contractor and witnessed by the OMFED. The Contractor shall carry out minor alterations in the anchor bolts, pockets etc., at no extra cost and set the equipment properly as per approved layout, drawings and manufacturer's instructions. The Contractor shall supply all the necessary foundation / anchor bolts and bedplates without extra cost.

The Contractor shall supply, fix and maintain, at his own cost, during the erection work, all the necessary centering, scaffolding, staging required not only for proper execution and protection of the said work but also for protection of the surrounding plant and equipment. The Contractor shall take out and remove any or all such centering, scaffolding, staging planking etc., as occasion shall require or when ordered to do so and shall fully reinstate and make good all things disturbed during execution of the work, to the satisfaction of the OMFED. The Contractor shall be paid no additional amount for the above.

2.2. Structural Platforms and Tables

Structural platforms shall be required to provide access for various equipment. These platforms and tables shall be fabricated keeping stability and other functional as well as aesthetic requirements into consideration as approved by the OMFED. The payment shall be made on the basis of the actual weight executed and the unit rates agreed upon or as per provisions made in the contract for such items.

3.0 SERVICE PIPING INSTALLATION.

3.1 General Guidelines.

All piping systems shall comply with the latest editions of the following regulations wherever applicable.

3.1.1 Indian Boiler Regulations.

3.1.2 Regulations of explosives inspectorate.

3.1.3 All applicable Indian Standards.

3.1.4 All applicable State Government / Central Government laws / act

3.2 Scope of Piping Erection

3.3 This to be performed by the Contractor as outlined below:

3.3.1 The scope of erection for piping, includes all system covered in the flow diagrams and specifications.

- 3.3.2 The Contractor's work commences / terminates at the pipe connections with valves or flanges as specified in flow diagrams/battery limits.
- 3.3.3 The Contractor shall also install necessary piping and any specialties furnished with or for equipment such as relief valves, built-in-pass and other items of this type.
- 3.3.4 The Contractor shall install primary elements for flow measurements, control valves and on-line metering equipment.
- 3.3.5 The contractor shall perform necessary internal machining of pipes for installing orifices, slow nozzles, control valves etc.
- 3.3.6 The contractor shall install all pipes, valves and specialties being procured from other sources.

3.4 Other Guidelines

3.4.1 The Contractor shall be responsible for the quality of welding done by them and shall conduct tests to determine the suitability of the welding procedure by him.

3.4.2 All piping supports, guides, anchors, hangers, rollers with structural framework shall be supplied and erected by the Contractor. The kinds of pipesupportlike CI clamps, wooden saddles, rollersupport and support framework shall be as per the designapproved by the OMFED prior to taking up the work.

3.4.3 Allpiping shall be suspended, guided and anchored with due regard to general requirements and to avoid interference with other pipes, hangers, electrical conduits and their supports, structural members and equipment and to accommodate insulation and conform to buildings structural limitations. It is the responsibility to the piping Contractor to avoid all interference while locating hangers and supports.

3.4.4 Anchors and/or guides for pipelines or for other purposes shall be furnished, when specified, for holding the pipeline in position for alignment. Hangers shall be designed fabricated and assembled in such a manner that they cannot become disengaged by any movement of the support pipes.

3.4.5 All piping shall be wire brushed and purged with air blast to remove all rust, mill scale from inner surface. The method of cleaning shall be such that no material is left on the inner or on outer surfaces, which will affect the service-ability of the pipes.

3.4.6 Effective precautions such as capping and sealing shall be taken to protect all pipe ends against ingress of dirt and damage during transit or storage. The outside ofthe steel pipes (black) shall be painted with two coats of red oxide paint or as directed by the OMFED.

4.0 SPECIAL INSTRUCTIONS AND SPECIFICATIONS

4.1 Steam piping work can be classified into two categories:

- a) High-pressure steam piping when the working pressure of steam is more than 3.1 kg / sq-cm (50 psi).
- b) Low-pressure steam piping when the working pressure of steam is below 3.1 kg / sq-cm (50 psi).

All the pipes and fittings used for high pressure steam piping work should conform to IBR and they should be IBR certified and also to be identified with number and mark showing that they are tested by the Boiler Inspector and supported with duly authenticate certificates to this effect.

The high-pressure steam piping after installation should be hydraulically tested in presence of the Boiler Inspector for his approval.

The high-pressure steam piping work should also include fabrication and installation of pressure reducing stations strictly conforming to IBR.

4.2 All the piping for chilled water, glycol, ammonia, soft and raw water H.P. and L.P. steam, air and furnace oil / LSHS piping shall generally have welded construction. Whenever welding is done for pipes of smaller size special care should be exercised to avoid clogging of flow area with the welding material.

5.0 INSTALLATION OF PIPING AND EQUIPMENT

5.1 Insulation of Chilled Water and Ammonia Pipeline

All the chilled water, glycol & ammonia pipelines shall be insulated by expanded polystyrene pipe sections. The insulation shall be carried out in the following manner:

- 5.1.1 Before starting insulation work all pipelines shall be tested for 8.5 kg / sq-cm pressure.
- 5.1.2 The surface of the pipes to be insulated should be properly cleaned.
- 5.1.3 Hot bitumen of 80/40 or 85/25 conforming to IS 702 should be applied uniformly @ 1.5 kg / sq.m. on the surface of the pipes.
- 5.1.4 A similar layer of bitumen should be applied on the inner surface and on the edges of the insulation sections.
- 5.1.5 The sections should then be stuck to the coated pipes with the joints staggered. Adjacent sections should be tightly pressed together.

- 5.1.6 All joints should be properly sealed with bitumen.
- 5.1.7 A thick vapor seal of hot bitumen @ 2.5 Kg / Sq-cm should be applied uniformly on the outer surfaces of the pipe sections and allowed to dry.
- 5.1.8 In case the insulations sweats or the specified/required insulation properties are not attained, the entire insulation in such region shall be redone with fresh material, entirely at the Contractor's cost.

5.2 Insulation of Steam, Condensate & Hot Water Pipe Line

All the steam and hot water pipelines shall be insulated with mineral wool or equivalent of specified thickness. The insulation shall be carried out in the following manner and should be supplied in the form of properly required sizes.

- 5.2.1 Clean the surfaces to be insulated. Apply a coat of red oxide primer and fix glass wool/mineral wool of specified thickness, tightly to the pipes, butting all joints and tie with lacing wire.
- 5.2.2 It should then be covered with GI wire netting of 20 mm X 24 SWG.
- 5.2.3 In case the insulation does not have the desired insulation properties, the entire insulation will have to be redone at the Contractor's cost to give the desired results.
- 5.2.4 In case of condensate return piping all the steps mentioned above shall be executed except that thickness of the insulation shall be 25 mm.

5.3 Aluminum Cladding / Cement Plaster

- 5.3.1 The chilled water, glycol, ammonia, steam & hot water lines after insulations may be covered by Aluminum cladding or cement plaster as per the instructions of the engineer in-charge. The payment will be made as per the executed items.
- 5.3.2 Aluminum cladding will be done with 22-gauge aluminum sheet with proper grooves and overlaps and screwed in position with 12 mm. self-tapping parker screws.
- 5.3.3 In case of cement plaster, the finishing will be done with 12 mm thick sand cement plaster (1:4) over chicken wire mesh.
- 5.4 All the necessary materials of quantity and make approved by the OMFED, required for carrying out insulation, cladding and other works mentioned above, shall be supplied by the Contractor.

6.0 INTER CONNECTIONS OF SERVICE AND ELECTRICALS WITH EQUIPMENT

- 6.1 The Contractor shall lay service piping and provide connections with the equipment complying strictly with the equipment manufacturers' instructions. The Contractor shall also carry out all the interconnecting service piping with the various items of plant / system. The work shall be complete with capillary piping if required and connections with instruments and controls supplied with the equipment.

- 6.2 The contractor shall carry out also electrical connections for equipment's with the control panels including equipment lighting as per the wiring diagrams of the equipment suppliers.

Connection shall be made for small electrically operated devices on equipment installed as accessories to, or assembled with equipment's. Connections regarding instruments, float switches, limit switches, pressure switches, thermostats and other miscellaneous equipment shall be done as per manufacturers drawings and instructions.

7 TESTING, COMMISSIONING AND START UP

- 7.1 The contractor shall operate, maintain and give satisfactory trial run of the plant for a period of continuous **seven days (seven Days)** at the rated output, after satisfactory commissioning and start-up of the plant. All rectification of damages / defects and routine troubleshooting should be carried out by the contractor. The contractor shall incorporate / execute necessary minor modifications during the trial period for maximizing operational efficiency. The contractor should also execute minor modifications as may be suggested by the manufacturer / OMFED. The contractor shall suggest recommended log sheet performs for recording necessary operating data and pass it on to the OMFED in proof of satisfactory rated output and performance of the equipment's / plant.

7.2 The commissioning shall also include the following for each equipment:

- 7.2.1 Clean out and check out of all the service lines.
- 7.2.2 Check out and commissioning of instruments, equipment and plants, filtering of transformer and other oils so that if deteriorated, they shall attain the required properties/standards, specified tests in this regard must be carried out by approved authorities and their satisfactory reports submitted to the OMFED before start-up.

SECTION-IX
ACCEPTABLE FORM OF BANK GUARANTEE

Proforma of Bank Guarantee for Bid Security On Non-Judicial Stamp Paper of Rs.100/-

Bank Guarantee no.

Date:

This deed of guarantee made this _____ day of 20_____ (Two thousand and _____) by (Name and address of the Bank), hereinafter referred to as the Bank, which shall unless repugnant to the context or the meaning thereof includes its legal representatives, successors and assigns and the ORISSA STATE CO-OPERATIVE MILK PRODUCERS' FEDERATION LTD. (hereinafter referred to as the OMFED) which expression shall be unless repugnant to the context or meaning thereof include its legal representative, successors or assigns.

Whereas the OMFED has invited bids for the supply, installation, testing, commissioning, trial run and guaranteeing of the proposed _____
_____ by the tender notice reference no. _____ .

AND WHEREAS M/S _____

_____ (Name and the address of the bidders) who having submitted their bids (hereinafter referred to as the Tender) and have agreed to deposit to the OMFED an amount indicated in the tender notice as per the terms and conditions of the bidding documents. AND WHEREAS the OMFED is also willing to accept a Bank guarantee in lieu of payment by demand draft of any amount equivalent to the amount of bid security required to be deposited by the bidder to the OMFED which guarantee shall be kept valid for 120 days after the day of the opening of the bids.

In consideration of the OMFED having agreed to consider the bid proposals having submitted by the bidder without depositing the amount of bid security and against this Bank guarantee, we (name and the address of the Bank) hereby undertake and guarantee to make payment to the OMFED the amount of bid security or any part thereof not deposited by the bidder to the OMFED at any time (time being the essence of the Contract) when the OMFED asks for the

same as per the terms and conditions of the bidding documents within 120 days from the date of opening of the bids.

The Bank further undertakes not to revoke this guarantee during its currency except with the previous consent of the OMFED in writing and the guarantee shall be continuous and irrevocable guarantee up to a sum of Rs.----- (Rupees-----only) provided always that any indulgence or forbearance on the part of the OMFED to the said bidder. With or without the consent of the Bank shall not prejudice or restrict remedies against the bank nor shall the same in any event be a ground of defense by the Bank against the OMFED.

In case the OMFED puts forth a demand in writing on the Bank for the payment of the amount in full or in part against this Bank Guarantee, the Bank will consider that such demand by itself is a conclusive evidence and proof that the bidder has failed in complying with the terms and conditions stipulated by the OMFED in its bidding document and payment will be made to the OMFED without raising any disputes regarding the reasons for such failures on the part of the bidder.

The Bank shall not be discharged or released from this guarantee by any arrangement between the bidder and the OMFED with or without the consent of the Bank or any alternations in the obligations of the parties or by an indulgence, forbearance shown by the OMFED to the bidder.

This guarantee shall be in addition to and without prejudice to any other securities or remedies which the OMFED may have or hereafter possess against the bidder and the OMFED shall be under no obligations to marshal in favour of the Bank any such securities or fund or assets that the OMFED at its absolute discretion may vary, exchange, renew, modify or refuse to complete or enforce or assign any security or instrument.

The Bank agrees that the amount hereby guaranteed shall be due and payable to the OMFED on OMFED's serving with a notice requiring the payment of the amount and such notice shall be served on the Bank either by actual delivery thereof to the Bank or by dispatching thereof by to the Bank by registered post at the address of the said Bank. Any notice sent to the Bank at its address by registered post shall be deemed to have been duly served on the Bank notwithstanding that the notice may not in fact have been delivered to the Bank.

In order to give full effect to the provisions of this guarantee the Bank thereby waives all rights inconsistent with the above provisions and which the Bank might otherwise as a guarantor be entitled to claim and enforce.

The guarantee shall remain in force until-----and unless the guarantee is renewed or a claim is preferred against the bank within three months from the said date all rights of the OMFED under this guarantee shall cease and the bank shall be released and discharged from all liabilities hereunder.

Notwithstanding anything contained here before, our liability under this guarantee is restricted to Rs. ----- (Rupees----- only) being the amount of the Bid security and it shall remain in force until-----.

Proforma of bank guarantee for Performance security On Non-judicial Stamp Paper of Rs.100/-

Bank Guarantee No.

Date:

This deed of guarantee made this _____ day of 20 _____ (Two thousand and _____) by (Name and address of the bank) hereinafter referred to as the bank, which shall unless repugnant to the context or the meaning thereof includes its legal representatives, successors and assigns and the ORISSA STATE CO-OPERATIVE MILK PRODUCERS' FEDERATION LTD. (hereinafter referred as to the OMFED) which expression shall unless repugnant to the context or meaning thereof includes its legal representatives, successors and assigns .

Whereas the ORISSA STATE MILK CO-OPERATIVE PRODUCERS' FEDERATION LTD. has awarded a contract bearing No. _____ on M/s _____ (Name and the address of the party) hereinafter referred to as the Contractor, for the supply installation, commissioning, completion and the guaranteeing of _____

And whereas the Contractor has agreed to submit a performance security in the form of bank guarantee to the OMFED as per the terms and conditions of the bidding documents. And the contract which will be kept valid upto _____ calendar months from the date of bank guarantees (the period should be till end of period of maintenance) and whereas the bank and its duly constituted agent and officer has already read and understood the contract between the OMFED and the Contractor.

In consideration of the OMFED having agreed to award the contract on the Contractor, we _____ (the bank) do hereby guarantee, undertake, promise and agree with the OMFED , its legal representatives, successors, and assigns that the within named (the name of the Contractor) their legal representatives , assignees will faithfully perform and fulfill everything within the bidding document and the contract order on their part to be performed or fulfilled, at the time (time being the essence of the contract) and in manner therein provided , do all obligations there under and we further undertake and guarantee to make the payment to the OMFED a sum of Rs _____ (Rupees _____ only). Being 10% of the contract value ,in case the Contractor , their legal representatives, assignees do not faithfully perform and fulfill

everything within the bidding document and the contract order on their part to be performed or fulfilled, at the time and in manner therein provided and do not willfully and promptly do all obligations there under. In case the Contractor fails to perform or fulfill the contract as per the terms and conditions agreed upon, the OMFED is entitled to demand an amount equivalent to 10% of the contract value from the Contractor and the demand made by the OMFED itself will be conclusive evidence and proof that the Contractor has failed to perform or fulfill his obligations under the contract and neither the Contractor nor the bank shall be entitled to raise any dispute regarding the reasons for the failure of performance or fulfillment on any ground whatsoever.

We, (the name of the bank), do hereby undertake to pay an amount equivalent to 10% of the contract value, being the amount due and payable under this guarantee. Without any demur, merely on a demand from OMFED stating that the amount claimed is due by way of Non-performance of the contractual obligations as aforesaid by the contractor or by the reason of the contractor's failure to perform the said contractual commitments, any such demand made on the banks shall be conclusive as regards the amount due and payable by the bank under this guarantee. However, our liability under this guarantee shall be restricted to an amount not exceeding Rs. _____ (Rupees _____ only being the amount equal to 10% of the contract value.

We, the bank further agree that the performance security herein contained shall remain in full force and effect for a period of _____ calendar months from the date of the bank guarantee. (the period shall be till the end of period of maintenance) whichever is later or till the OMFED certifies that the terms and conditions of the said contract have been fully and properly carried out by the said Contractor and accordingly discharge the guarantee , unless a demand or a claim under this guarantee is made on us in writing by the OMFED on or before _____ (the date shall be 90 days after the end of the period of maintenance) we shall be discharged from all liabilities under this performance security hereafter.

We, the bank, further agree with the OMFED that the OMFED shall have the fullest liberty without our consent and without affecting in any manner our obligations hereunder to vary any of the terms and conditions of bidding document and the contract or to extend the time of performance by the said Contractor from time to time and any of the power exercisable by the OMFED against the Contractor and forbear or enforce any of the terms and conditions relating to the said bidding document and the contract and we shall not be relieved from or liability by reason of any such variation ,or extension being granted to the said contractor or for any forbearance, act or omission on the part of the OMFED to the said Contractor by any such matter or thing whatsoever which under the law relating to the sureties would but for this provision have effect of so relieving us. This guarantee shall be in addition to and without

prejudice to any other securities or remedies which the OMFED may have or hereafter possess in respect of the works executed or intended to be executed and the OMFED shall be under no obligation to marshal in favour of the bank any such securities or funds or asset that the OMFED may be entitled to receive or have a claim upon and the OMFED at its absolute discretion may vary, exchange, renew, modify or refuse to complete or enforce or assign any security or instrument.

The bank agrees that the amount hereby guaranteed shall be due and payable to the OMFED on serving us with a notice, requiring the payment of the amount and such notice shall be deemed to have been served on the bank either by actual delivery thereof to the bank or by dispatch thereof to the bank by registered post at the address of the bank.

Any notice sent to the bank at its address by registered post shall be deemed to have been duly served on the bank notwithstanding that the notice may not in fact have been delivered to the bank.

In order to give full effects to the provisions of this guarantee the bank hereby waives all rights inconsistent with the above Rs. _____ (Rupees _____ Only). The guarantee shall remain in force until _____ and unless the guarantee is renewed or a claim is preferred against the bank within three months from the said date (the date of expiry) all rights of the OMFED under the guarantee shall cease and the bank shall be released and discharged from all liabilities hereunder.
