~~21.0 Clarification of bids~~

~~21.1 To assist in the examination, evaluation and comparison of bids the OMFED may, at its discretion, ask the Bidders for a clarification of its bid. The request for clarification and the response shall be in writing.~~

~~22.0 Preliminary Examination~~

~~22.1 The OMFED will examine the bids to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the bids are generally in order.~~

~~22.2 Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail. If there is a discrepancy between words and figures, the amount in words will prevail. The total price shall be corrected accordingly. If the bidder does not accept the correction of the errors, its bid will be rejected.~~

~~22.3 Prior to the detailed evaluation, pursuant to Para 23, the OMFED will determine the substantial responsiveness of each bid to the bidding documents. For purposes of these clauses, a substantially responsive bid is one, which conforms to all the terms and conditions of the bidding documents without material deviations. The OMFED'S determination of a bid's responsiveness is to be based on the contents of the bid itself.~~

~~22.4 A bid determined as not substantially responsive will be rejected by the OMFED.~~

~~22.5 The OMFED may waive any minor informality or non-conformity or irregularity in a bid, which does not constitute a material deviation, provided such waiver, does not prejudice or affect the relative ranking of the Bidder.~~

~~23.0 Evaluation and Comparison of Bids~~

- 23.1 The OMFED will evaluate and compare the bids previously determined to be substantially responsive, pursuant to Para 22. However, bidders are allowed the option to offer discounts. The discounts will be taken into account in the evaluation of bids so as to determine the bid offering the lowest evaluated cost for the OMFED in deciding award.
- 23.2 The comparison shall be on FOR site basis, (such price to include all costs as well as duties and taxes paid or payable on components and raw material incorporated or to be incorporated in the goods and GST payable on finished goods offered) as well as on the cost of installation, testing, commissioning & performing 30 days trial run.
- 23.3 The OMFED'S evaluation of a bid will take into account, in addition to the bid price and the cost of services including installation, testing, commissioning, performance trial run & handing over, the following factors:
- (a) Cost of inland transportation, insurance and other costs incidental to delivery of the goods to their final destination including excise duty;
 - (b) Delivery schedule offered in the bid;
 - (c) The cost of components, spare parts and service;
The availability in India of spare parts and after sales services for the equipment offered in the bid;
 - (d) Deviation in payment schedule from that specified in the special conditions of contract;
 - (e) The quality and adaptability of the equipment offered.

24.0 Contacting the OMFED

- 24.1 No Bidder shall contact the OMFED on any matter relating to its bid, from the time of the bid opening to the time the contract is awarded, unless invited by the OMFED for discussions / clarifications.
- 24.2 Any effort by a bidder to influence the OMFED in the OMFED'S bid evaluation, bid comparison or contract award decisions shall result in the rejection of the Bidder's bid.

F. AWARD OF CONTRACT

25.0 Post-qualification

- 25.1 In the absence of pre-qualification, the OMFED will determine to its satisfaction whether the bidder selected as having submitted the lowest evaluated responsive bid is qualified to satisfactorily perform the contract.
- 25.2 The determination will take into account the Bidder's financial, technical and production capabilities. It will be based upon an examination of the documentary evidence of the bidder's qualifications submitted by the bidder, as well as such other information as the OMFED deems necessary and appropriate including details of experience and records of past performance. The OMFED may also inspect the works of the bidder to satisfy itself regarding the capability of the bidder.
- 25.3 An affirmative determination will be a prerequisite for award of the contract to the Bidder. A negative determination will result in rejection of the Bidder's bid, in which event; the OMFED will proceed to the next lowest evaluated bid to make a similar determination of that Bidder's capabilities to perform satisfactorily.

26.0 AWARD CRITERIA

The OMFED will consider award of contract to the successful bidder whose bid have been determined to be substantially responsive and have been determined as the lowest evaluated bid, pursuant to Para 23 and 25 & who is determined to be qualified to satisfactorily perform the contract.

The composite price towards the cost of the equipment and Annual Maintenance contract shall be considered to arrive at the lowest bidder price.

27.0 OMFED'S RIGHT TO VARY QUANTITIES AT TIME OF AWARD.

The OMFED reserves the right to increase or decrease the quantity of goods and services specified in the schedule of requirements without any change in unit price or other terms and conditions.

28.0 OMFED'S Right to Accept Any Bid and to reject Any or All Bids

The OMFED reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders or any obligation to inform the affected bidder or bidders of the grounds for the OMFED'S action.

29.0 Notification of Award

29.1 Within the period of bid validity, the OMFED will notify the successful bidder in writing by registered letter or by cable/ telex/ fax, (to be confirmed in writing by registered letter) that its bid has been accepted.

29.2 The notification of award will constitute the formation of the contract.

29.3 Upon the successful bidder's furnishing of performance security, the OMFED will promptly notify each unsuccessful bidder and will discharge its bid security.

30.0 Signing of Agreement

Within 15 days of receipt of the notification of award, the successful bidder shall prepare & sign the agreement, in the format provided in this bidding document, and send the same to the OMFED along with a duplicate copy. The original contract form shall be retained by the OMFED, & a duplicate copy of the same shall be sent to the contractor, after it has been signed and dated.

31.0 Performance Security

31.1 Within 15 days of receipt of the notification of award from the OMFED, the successful bidder shall furnish the performance security deposit in accordance with clause 6 of the general conditions of contract, either in the form of a Bank guarantee valid for **15 months** from the expected date of completion of contract (as per the performance security form provided in the bidding document) or in the form of demand draft of required value in favour of OMFED, payable at Bhubaneswar.

31.2 Failure of the successful bidder to comply with the requirement of Para 30 or Para 31 shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security, in which event the OMFED may make the award to the next lowest evaluated bidder or call for new bids.

32.0 IMPORT LICENCE

No import license shall be provided by the OMFED for goods offered against this bid.

SECTION -III.

GENERAL CONDITIONS OF CONTRACT

1. Definitions

1.1 In this contract, the following terms shall be interpreted as indicated.

- (a) "The contract" means the agreement entered into between the OMFED and the contractor, as recorded in the contract form signed by the parties, including the notification of award, all attachments and appendices thereto and all documents incorporated by reference therein;
- (b) "The contract price" means the price payable to the contractor under the contract for the full and proper performance of its contractual obligations;
- (c) "The goods" means all of the equipment, machinery, and/or other materials which the contractor is required to supply to the OMFED under the contract;
- (d) "Services" means services ancillary to the supply of the goods, such as transportation and insurance, and any other incidental services, such as installation, testing, commissioning, performance trial run for 30 days, provision of technical assistance, training and other such obligations of the contractor covered under the contract;
- (e) "The OMFED" means the organization purchasing the goods and services under the contract i.e. ORISSA STATE COOPERATIVE MILK PRODUCERS' FEDERATION LTD.

17. Change orders

17.1 The OMFED may, at any time, by a written order given to the contractor, make changes within the general scope of the contract in any one or more of the following:

- (a) Drawings, designs or specifications, where goods to be furnished under the contract are to be specifically manufactured for the OMFED;
- (b) The method of shipment or packing;
- (c) The place of delivery; or
- (d) The services to be provided by the contractor.

17.2 If any such change causes an increase or decrease in the cost of, or the time required for, the contractor's performance of any part of the work under the contract, whether changed or not changed by the order, an equitable adjustment shall be made in the contract price or delivery schedule, provided that such claims by contractor are reasonable & to the satisfaction of the OMFED. Any claims by the contractor for adjustment under this clause must be asserted within thirty (30) days from the date of the contractor's receipt of the OMFED's change order.

18. Contract Amendment

Subject to clause 17, no variation in or modification of the terms of the contract shall be made except by written amendment signed by the OMFED.

19. Assignment

The contractor shall not assign, in whole or in part, its obligations to perform under the contract, except with the OMFED'S prior written consent.

20. Subcontracts

The contractor shall notify the OMFED in writing of all subcontracts awarded under the contract if not already specified in his bid, such notification, in his original bid or later, shall not relived the contractor from any liability or obligation under the contract.

21.0 Delays in the contractor's performance

21.1 Deliveries in the goods and performance of services shall be made by the contractor in accordance with the time schedule specified by the OMFED, in Section –I of the bidding documents.

21.2 An unexcused delay by the contractor in the performance of its delivery obligations shall render the contractor liable to any or all of the following sanctions: - forfeiture of its performance security, imposition of liquidated damages, and/ or termination of the contract for default.

21.3 If at any time during performance of the contract, the contractor or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services. The contractor shall promptly notify the OMFED in writing of the fact of the delay, its likely duration and its cause (s). As soon as practicable after receipt of the contractor's notice, the OMFED shall evaluate the situation and may at its discretion extend the contractor's time for performance, in which case the extension shall be notified to the contractor by amendment of the contract.

22.0 Time for completion

Subject to any requirement in the contract as to completion of any section of the works before completion of the whole, the whole of the works shall be completed, within the time stated in section–II of the bidding documents or such extended time as may be allowed under clause 23 hereof.

23.0 Extension of Time of Completion

Should the amount of extra or additional work of any kind or any cause of delay referred to in these conditions, or exceptional adverse climatic conditions, or other special circumstances of any kind whatsoever which may occur, other than through a default of the contractor, be such as fairly to entitle the contractor to an extension of time for the completion of the works. OMFED shall determine the amount of such extension and shall notify the contractor accordingly. Provided that the OMFED is not bound to take in account any extra or additional works or other special circumstances unless the contractor has within thirty days after such work has been commenced, or such circumstances have arisen, or as soon thereafter as is practicable, submitted to the engineer full and detailed particulars of any extension of time to which he may consider himself entitled in order that submission may be investigated at the time.

24.0 Penalty for Delay

24.1 If the contractor shall fail to achieve completion of the works within the specified time, then the contractor shall pay to the OMFED the sum at the rate of 0.5 % (half percent) of the total value of work done under the contract, as a penalty, for every week or part of the week which shall elapse, between the time prescribed & the date of certified completion of the work. The OMFED may without prejudice to any other method of recovery, deduct the amount of such penalty from any payment in its hands, due or which may become due to the contractor. The payment or deduction of such penalty shall not relieve the contractor from obligations to complete the works, or from any other of his obligations and liabilities under the contract.

24.2 The aggregate maximum of the penalty for delay payable to the OMFED under this clause shall be subject to a maximum of 10 % of the total value of work.

24.3 The criteria for deriving the penalty for delay shall be the actual value of works executed and the amended time of completion.

24.4 Any incremental taxes and levies due to the delay in the performance of the contract by the contractor shall be to the contractor's account.

25. Termination for default

25.1 The OMFED may, without prejudice to any other remedy for breach of contract, by written notice of default sent to the contractor, terminate the contract in whole or in part,

(a) If the contractor fails to delivery an or all the goods within the time period (s) specified in the contract, or any extension thereof granted by the OMFED pursuant to clause 17, 21, & 22;

Or

(b) If the contractor fails to perform any other obligation(s) under the contract.

25.2 In the event the OMFED terminates the contract in whole or in part, pursuant to Para. 25.1, the OMFED may procure, upon such terms and in such manner, as it deems appropriate, goods similar to those undelivered, and the contractor shall be liable to the OMFED for any excess costs for such similar goods. However, the contractor shall continue performance of the contract to the extent not terminated.

25.3 Consequent to such termination of contract, the OMFED shall recover the advance paid, if any, to the contractor along with interest @ 18 % per annum compounded quarterly on the last day of March, June, September and December on the advance paid for the entire period for which the advance was retained by the contractor.

26. Force Majeure

- 26.1 Notwithstanding the provisions of clauses hereof, the contractor shall not be liable for forfeiture of its performance security, liquidated damages or termination for default, if and to the extent that, its delay in performance or other failure to perform its obligations under the contract is the result of an event of force majeure.
- 26.2 For purposes of this clause, “force majeure” means an event beyond the control of the contractor and not involving the contractor’s fault or negligence and not foreseeable. Such events may include, but are not restricted to, acts of the OMFED either in its sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
- 26.3 If a force majeure situation arises, the contractor shall notify the OMFED in writing of such condition and the cause thereof, within 7 days. Unless otherwise directed by the OMFED in writing, the contractor shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

27.0 Termination for Insolvency

The OMFED may at any time terminate the contract by giving written notice to the contractor, without compensation to the contractor, if:

- (a) The contractor becomes bankrupt or otherwise insolvent,
 - (b) The contractor being a company is wound up voluntarily by the order of a court receiver, liquidator or manager appointed on behalf of the debenture holders or circumstances shall have arisen which entitle the court or debenture holders to appoint a receiver, liquidator or a manager,
- Provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the OMFED.

28.0 Termination for Convenience

- 28.1 The OMFED, may by written notice sent to the contractor, terminate the contractor, in whole or in part, at any time for its convenience. The notice of termination shall specify that termination is of the OMFED’S convenience, the extent to which performance of work under the contract is terminated, and the date upon which such termination becomes effective.
- 28.2 The goods that are complete and ready for shipment within 30 days after the contractor’s receipt of notice of termination shall be purchased by the OMFED at the contract terms and prices. For the remaining goods, the OMFED may elect:
- (a) To have any portion completed and delivered at the contract terms and prices; and /or
 - (b) To cancel the remainder and pay to the contractor an agreed amount for partially completed goods and for material and parts previously procured by the contractor.

29.0 Settlements of Disputes

- 29.1 If the contractor considers any work demanded of him to be outside the requirements of the contract, or considers any drawings, record or ruling of the engineer on any matter in connection with or arising out of the contract or the carrying out of the work to be unacceptable, he shall promptly ask the engineer in written instructions or decision. There upon the engineer shall give his written instructions or decision within a period of fifteen days of such request.
- 29.2 Upon the receipt of the written instructions or decisions the contractor shall promptly proceed without delay to comply with such instructions or decisions.
- 29.3 If the engineer fails to give his instructions or decisions in writing within a period of fifteen days after being requested, or if the contractor is dissatisfied with the instructions and decisions, he shall appeal to the OMFED, which shall afford an opportunity to the contractor to be heard and to offer an evidence in support of his appeal. The OMFED shall give a decision within a period of thirty days after the contractor has given the said evidence in support of his appeal.
- 29.4 If the contractor is dissatisfied with this decision, the contractor within a period of thirty days from the receipt of the decisions shall indicate his intension to refer the dispute to arbitration, failing which the said decision shall be final and conclusive.

30.0 Arbitration

All disputes or differences in respect of which the decision is not final and conclusive shall, on the initiative of either party, be referred for adjudication as per the Arbitration And Conciliation Act 1996

31.0 Applicable law

The contract shall be interpreted in accordance with the laws of the union of India.

32. Notices

- 32.1 Any notice given by one party to the other pursuant to the contract shall be sent in writing or by telegram/ fax/ cable and confirmed in writing to the address specified for that purpose in the special conditions of contract.
- 32.2 A notice shall be effective when delivered or on the notice's effective date, which ever is later.

33.0 Taxes and Duties

The contractor shall be entirely responsible for all taxes, duties, license fees etc. incurred until handing over of the contractor goods and services to the OMFED. The said representative or if more than one shall be employed, then one of such representatives shall be present on the site during all times, and any orders or instructions which the OMFED may give to the said representative of the contractor shall be deemed to have given to the contractor.

The said representative shall have full technical capacities and complete administrative and financial powers to expeditiously and efficiently execute the work under the contract.

The contractor shall, execute the works with due care and diligence within the time for completion and employ contractor's team comprising qualified and experienced engineers together with adequate skilled, semi-skilled and Unskilled workmen in the site for carrying out the works. The contractor shall ensure adequate work force to keep the required pace at all times as per the schedule of completion. The contractor shall also ensure availability of competent engineers during commissioning / start up, trial runs, operation of the plant / equipment till handing over of the plant.

The contractor shall furnish the details of qualifications and experience of their senior supervisors and engineers assigned to the work site, including their experience in supervising erection and commissioning of plant and equipment of comparable capacity.

When the contractor or his representative is not present on any part of the work where it may be desired to give directions in the event of emergencies, orders may be given by the OMFED and shall be received and observed by the supervisors or foremen who may have charge of the particular part of the work in reference to which orders are given. Any Such instructions, directions or notices given by the OMFED shall be deemed to have been given to the contractor.

The contractor shall furnish to the OMFED a fortnightly labour force report showing by classifications the number of employee engaged in work. The contractors' employment records shall include any reasonable information as may be required by the OMFED. The contractor should also display necessary information as may be required by statutory regulations, and shall comply with all statutory obligations as required under the prevailing rules of the state & country.

None of the contractor's supervisors, engineers, or labourers may be withdrawn from the work without notice to the OMFED and further no such withdrawals shall be made if in the opinion of the OMFED, it will adversely affect the required pace of progress and / or the successful completion of the work.

The OMFED shall be at liberty to object to any representative or person, skilled, semi-skilled or unskilled worker employed by the contractor in the execution of or otherwise about the works who shall in the opinion of the OMFED, misconduct himself or be incompetent, or negligent or unsuitable, and the contractor shall remove the person so objected to upon receipt of notice in writing from the OMFED and shall provided in that place a competent representative at contractor's own expense within a reasonable time.

In the execution of the works no persons other than the contractor, sub-contractor and their employees shall be allowed on the site except by written permission of OMFED.

6.0 OMFED'S Instructions

The OMFED may in his absolute discretion, issue from time to time drawings and/or instructions, directions and clarifications which are collectively referred to as OMFED's instructions in regard to:

Any additional drawing and clarifications to exhibit or illustrate details.

Variations or modifications of the design, quality or quantity of work or additions or omissions or substitution of any work.

Any discrepancy in the drawings or between the schedule of quantities and/or specifications.

Removal from the site of any material brought there by the Contractor, which are unacceptable to the OMFED and the substitution of any other material thereof. Removal and/or re-execution of any work erected by the Contractor, which are unacceptable to the OMFED.

Dismissal from the work of any persons employed there upon who shall in the opinion of the OMFED, misconduct himself, or be incompetent or negligent.

Opening up for inspection of any work covered up.

Amending and making good of any defects.

7.0 Rights of the OMFED

7.1 Rights to direct works:

The OMFED shall have the right to direct the manner in which all works under this contract shall be conducted, insofar as it may be necessary to secure the safe and proper progress and specified quality of the works. All work shall be done and all materials shall be furnished to the satisfaction and approval of the OMFED.

Whenever in the opinion of the OMFED, the Contractor has made marked departures from the schedule of completion or when circumstances or requirement force such a departure from the said schedule, the OMFED, in order to ensure compliance with the schedule, shall direct the order, pace and method of conducting the work, which shall be adhered to by the Contractor.

If in the judgment of the OMFED it becomes necessary at any time to accelerate the overall pace of the plant erection work, the Contractor, when directed by the OMFED, shall cease work at any particular point and transfer Contractor's men to such other point or

points and execute such works, as may be directed by the OMFED and at the discretion of the OMFED.

7.2 Right to order modifications of methods and equipment

If at any time the Contractor's methods, materials or equipment appear to the OMFED to be unsafe, inefficient or inadequate for securing the safety of workmen or the public, the quality of work or the rate of progress required, the OMFED may direct the Contractor to ensure safety, and increase their efficiency and adequacy and the Contractor shall promptly comply with such directives. If at any time the Contractor's working force and equipment are inadequate in the opinion of the OMFED, for securing the necessary progress as stipulated, the Contractor shall if so directed, increase the working force and equipment to such an extent as to give reasonable assurance of compliance with the schedule of completion. The absence of such demands from the OMFED shall not relieve the Contractor of Contractor's obligations to secure the quality, the safe conducting of the work and the rate of progress required by the contract. The Contractor alone shall be and remain liable and responsible for the safety, efficiency and adequacy of Contractor's methods, materials, working force and equipment, irrespective of whether or not the Contractor makes any changes as a result of any order or orders received from the OMFED.

7.3 Right to inspect the work

The OMFED representative shall be given full assistance in the form of the necessary tools, instruments, equipment and qualified operations to facilitate inspection.

The OMFED reserves the right to call for the original test certificates for all the materials used in the erection work.

In the event the OMFED's inspection reveals poor quality of work/materials, the OMFED shall be at liberty to specify additional inspection procedures if required, to ascertain Contractor's compliance with the specifications of erection work.

Even though inspection is carried out by the OMFED or their representatives, such inspection shall not, however, relieve the Contractor of any or all responsibilities as per the contract, nor prejudice any claim, right or privilege which the OMFED may have because of the use of defective or unsatisfactory materials or bad workmanship.

8.0 Contractor's functions

The Contractor shall provide everything necessary for proper execution of the works, according to the drawings, schedule of quantities and specifications taken together whether the same may or may not be particularly shown or described therein, provided that the same can reasonably be inferred there from and if the Contractor finds any discrepancy therein, he shall immediately refer the same to the OMFED whose decision shall be final and binding on the Contractor.

The Contractor shall proceed with the work to be performed under this contract in the best and workman like manner by engaging qualified and efficient workers and finish the work in strict conformance with the drawings and specifications and any changes/modifications thereof made by the OMFED.

The work shall be carried out as approved by the OMFED or his authorized representative/s from time to time, keeping in view the overall schedule of completion of the project. The Contractor's job schedule must not disturb or interfere with OMFED's or the other Contractor's schedules of day-to-day work. The OMFED will provide all reasonable assistance for carrying out the jobs.

Night work will be permitted only with prior approval of the OMFED. The OMFED may also direct the Contractor to operate extra shifts over and above normal day shift to ensure completion of contract as per schedule. Adequate lighting wherever required should be provided by the Contractor at no extra cost. The Contractor should employ qualified electricians and wiremen for these facilities. In case of Contractor's failure to provide these facilities and personnel, the OMFED has the right to arrange such facilities and personnel and to change the cost thereof to the Contractor, on actual cost basis.

8.1 Third Party Insurance

Before commencing the execution of the works the Contractor, but without limiting his obligations and responsibilities, shall insure against his liability for any material or physical damage, loss or injury which may occur to any property, including that of the OMFED, or to any person, including any employee of the OMFED, or by arising out of the execution of works or in the carrying out of the Contract.

The Contractor shall, produce to the Engineer/OMFED the policy or policies of insurance and the receipts for payment of the current premiums, as and when required.

The terms shall include a provision whereby, in the event of any claim in respect of which the Contractor would be entitled to receive indemnity under the policy being brought or made against the OMFED, the insurer will indemnify the OMFED against such claims and any costs, charges and expenses in respect thereof.

Such insurance shall be for an amount not less than Rs.1, 00,000/- per occurrence, with the number of occurrences unlimited.

8.2 Compensation for accidents or injury

The OMFED shall not be liable for or in respect of any damages or compensation payable at law in respect or in consequence of any accident or injury to any workman or other person in the employment of the Contractor or any sub-Contractor, save and except an accident or injury resulting from any act or default of the OMFED, his agents, or servants. The Contractor shall indemnify and keep indemnified the OMFED against all such damages and compensation, save and except as aforesaid and against all claims, proceedings, costs, charges and expenses whatsoever in respect thereof or in relation thereto.

The Contractor shall insure against such liability with an insurer approved by the OMFED, which approval shall not be unreasonably withheld, and shall continue such insurance during the whole of the time that any persons are employed by him on the works shall, on demand, produce to the OMFED or OMFED's representative such policy of insurance and the receipt for payment of the current premium. Provided always that, in respect of any persons employed by any sub-Contractor, the Contractor's obligations to insure as aforesaid under this sub-clause shall be satisfied if the sub-Contractor shall have insured against the liability in respect of such persons in such manner that the OMFED is indemnified under the policy, but the Contractor shall require such sub-Contractor to

produce the OMFED or OMFED's representative, on demand, such policy of insurance and the receipt for the payment of the current premium.

8.3 Duties of contractor Vis-à-vis other contractors:

Whenever proper execution of the work under the contract depends on the jobs carried out by some other Contractor, in such cases the Contractor should inspect all such erection and installation jobs and report to the OMFED regarding any defects or discrepancies. The Contractor's failure to do so shall constitute as acceptance of the other Contractor's installation/jobs as fit and proper for reception of Contractor's works.

The Contractor should also report any discrepancy between the executed work and the drawings.

The Contractor shall extend all necessary help/co-operation to other Contractor's working at the site in the interest of the work.

8.4 VARIATIONS

8.4.1 The OMFED shall make any variation of the form, quality or quantity of the Works or any part thereof that may, in his opinion, be necessary and for that purpose, or if for any other reason it shall, in his opinion be desirable, he shall have power to order the Contractor to do and the Contractor shall do any of the following:

- (a) Increase or decrease the quantity of any work included in the contract.
- (b) Omit any such work.
- (c) Change the character or quality or kind of any such work.
- (d) Change the levels, lines, position and dimensions of any part of the works, and
- (e) Execute additional work of any kind necessary for the completion of the works.

And no such variation shall in any way vitiate or invalidate the contract, but the value, if any, of all such variations shall be taken into account in ascertaining the amount of the Contract price.

8.4.2 No such variations shall be made by the Contractor without an order in writing of the OMFED. Provided that no order in writing shall be required for increase or decrease in the quantity of any work where such increase or decrease is not the result of an order given under this clause, but is the result of the quantities exceeding or being less than those stated in the Contract / Bill of Quantities. Provided also that if for any reason the OMFED shall consider it desirable to give any such order verbally, the Contractor shall comply with such order and any confirmation in writing of such verbal order given by the OMFED, whether before or after the carrying out of the order, shall be deemed to be an order in writing within the meaning of this clause. Provided further that if the Contractor shall within seven days confirm in writing to the OMFED and such confirmation shall not be contradicted in writing by the OMFED within 14 days, it shall be deemed to be an order in writing by the OMFED.

8.4.3 All extra or additional work done or work omitted by order of the OMFED shall be valued at the rates and prices set out in the contract if in the opinion of the OMFED, the same shall be applicable. If the contract does not contain any rates or prices applicable to the extra or additional work, then suitable rates or prices shall be agreed upon between the OMFED shall fix such rates or prices as shall, in his opinion, be reasonable and proper.

8.4.4 Provided that if the nature or amount of any omission or addition relative to the nature or amount of the whole of the works or to any part thereof shall be such that, in the opinion of

the OMFED, the rate or price contained in the contract for any item of the works is, by reason of such omission or addition, rendered unreasonable or inapplicable, then a suitable rate or price shall be agreed upon between the OMFED and the Contractor. In the event of disagreement of the OMFED shall fix such other rate or price as shall, in his opinion, be reasonable and proper having regard to the circumstances.

Provided also that no increase or decrease under sub-clause 8.4.1 of this clause or variation of rate or price under sub-clause 8.4.2 of this clause shall be made unless, as soon after the date of the order as is practicable and, in the case of extra or additional work, before the commencement of the work or as soon thereafter as is practicable, notice shall have been given in writing:

- a) By the Contractor to the OMFED of his intention to claim extra payment or a varied rate or price.
Or
- b) By the OMFED to the Contractor of his intention to vary a rate or price.

8.4.5 If on certified completion of the whole of the works, it shall be found that a reduction or increase greater than 15 percent of the sum named in the Letter of Acceptance results from the aggregate effect of all Variation Orders but not from any other cause, the amount of the contract price shall be adjusted by such sum as may be agreed between the Contractor and the OMFED or failing agreement, fixed by the OMFED having regard to all material and relevant factors, including the Contractor's site and general overhead costs of the contract.

8.4.6 The Contractor shall send to the OMFED's representative once in every month an account given particulars, as full and detailed as possible, of all claims for any additional payment to which the Contractor may consider himself entitled and of all extra or additional work ordered by the OMFED which he has executed during the preceding month.

No final or interim claim for payment for any such work or expense will be considered which has not been included in such particulars. Provided always that the OMFED shall be entitled to authorize payment to be made for any such work or expense, notwithstanding the Contractor's failure to comply with this condition, if the Contractor has, at the earliest practicable opportunity, notified the OMFED in writing that he intends to make a claim for such work.

Note: This clause shall not be applicable for complete turn-key jobs.

8.5 Duties of the Contractor Vis-à-vis the OMFED

The equipment and the items, if any, to be supplied by the OMFED for erection, testing and commissioning by the Contractor, shall be as listed in the contract.

The Contractor shall keep a check on deliveries of all such equipment covered in the scope of erection, testing and commissioning work and shall advise the OMFED well in advance regarding possible hold-up in Contractor's work due to the likely delay in delivery of such equipment/components to enable him to take remedial actions.

8.6 Preparation of foundation surfaces etc. for Erection of equipments:

Contractor shall carry out final adjustments of foundations, leveling and dressing of foundation surfaces, bedding and grouting of anchor bolts, bed plates etc, required for seating of equipment in proper position. The Contractor shall be responsible for the reference lines and proper alignment of the equipment. However, all minor civil works

which form and inseparable part of the installation and erection job like digging trenches for laying of cables, conduits and underground pipes, making cut-outs in walls, floors and ceilings for pipelines, adjustment, leveling, dressing and grouting of foundations, grouting of supports are to be carried out: by the Contractor at no extra cost. The necessary refilling/repairs of these cutouts, pockets and trenches shall be done by the Contractor: The Contractor should arrange for laying the supports, cut-outs, grouting of bolts, etc, when the civil works are in progress, so as to avoid refilling/repair works. The damages occurring to civil and other works are to be made good by the Contractor at Contractor's own costs.

9.0 Supply of tools, tackles and materials

The Contractor shall, at his own expense, provide all the necessary equipment, tools and tackles, haulage power, consumables, lubricants & sundries necessary for effective execution and completion of the works during erection, testing, commissioning & trial run.

10.0 Protection of plant

The OMFED shall not be responsible or held liable for any damage to person or property consequent upon the use, misuse or failure of any erection tools and equipment used by the Contractor or any his sub-Contractor's even though such tools and equipment may be furnished, rented or loaned to the Contractor or any of his sub-Contractors. The acceptance and / or use of any such tools and equipment by the Contractor or his sub-Contractor shall be construed to mean that the Contractor accepts all responsibility for and agrees to indemnify and save the OMFED from any and all claims for said damages resulting from the said use, misuse or failure of such tools and equipments.

The Contractor or his sub-Contractor shall be responsible during the works, for protection of work, which has been completed by other contractors. Necessary care must be taken to see that the Contractor's men cause no damage to the same during the course of execution of the work.

All other works completed or in progress as well as machinery and equipment that are liable to be damaged by the Contractor's work shall be protected by the Contractor and protection shall remain and be maintained until its removal is directed by the OMFED.

The Contractor shall effectively protect from the effects of weather and from damages or defacement and shall cover appropriately, wherever required, all the works for their complete protection.

The contractor shall carry out the work without damage to any work and property adjacent to the area of Contractor's work to whomsoever it may belong and without interference with the operation of existing machines or equipment.

Adequate lighting, guarding and watching at end near all the storage, handling, fabrication, reassembly and erection sites for properly carrying out the work and for safety and security shall be provided by the Contractor at his cost. The Contractor should adequately light the work area during nighttime also. The Contractor should also engage adequate electricians/wiremen, helper etc. to carry out and maintain these lighting facilities. If the Contractor fails in this regard, the OMFED may provide lighting facilities as he may deem necessary and charge the cost thereof to the Contractor.

The Contractor shall take full responsibility for the care of the works or any section or portions thereof until the date stated in the taking over certificate issued in respect thereof and in case any damage or loss shall happen to any portion of the works not taken over

as aforesaid, from any cause whatsoever, the same shall be made good by and at the sole cost of the Contractor and to the satisfaction of the OMFED. The Contractor shall also be liable for any loss of or damage to the works occasioned by the Contractor or his sub-Contractor in the course of any operations carried out by the Contractor or his sub-Contractors for the purpose of completing any outstanding work or complying with the Contractor's obligations.

11. Unloading, transportation and inspection

The Contractor shall be required to unload all the materials/equipment from the carriers. The Contractor shall plan in advance, based on the information received from the OMFED, Contractor's requirement of various tools, tackles, jacks, cranes, sleepers etc. required to unload the material/equipment promptly and efficiently. The Contractor shall ensure that adequate and all measures necessary to avoid any damage whatsoever to the equipment at the time of unloading are taken.

Any demurrage / detention charges incurred due to the delay in unloading the material/equipment and releasing the carriers shall be charged to the Contractor's account.

The Contractor shall be responsible for the reception and safe storage on site of all plant and equipment delivered or handled over to the Contractor, for the purposes of the contract.

The Contractor shall safely transport/shift the unloaded materials/equipment to the storage area and/or the place of work, as the case may be.

The materials/equipment would be carefully unpacked by the opening the wooden cases/other modes of packing as the case may be.

In case of equipments / materials to be supplied by the OMFED, all the materials / equipments received from OMFED prior to arrival of the Contractor at site, shall be handed over to the contractor who shall, thereupon, inspect the same & furnish the receipt to OMFED.

Detailed inventory of various items shall be prepared clearly listing the shortages, breakages / damages after checking the contents with respect to the Contractor's packing list, OMFED's order and approved drawings. The contractor shall also check every equipment for any shortage/shortcoming that may create difficulty at the time of installation, commissioning & trial run.

All the information and observations by the Contractor shall be furnished in the form of 'INSPECTION REPORT' to the OMFED with specific mention/suggestions which in the opinion of the Contractor should be given due consideration and immediate necessary actions, to enable the OMFED to arrange repair or replacement well in time and avoid delays due to non-availability of equipment and parts at the time of their actual need.

The protection, safety and security of the materials shall be the responsibility of the contractor, until they are handed over to the OMFED after erection, commissioning and testing and performance trial run as per the terms of the Contract.

12.0 Storage of equipment.

The Contractor shall be responsible for the proper storage and maintenance of all materials/equipment under the Contractor's custody. The Contractor shall take all required steps to carry out frequent inspection of equipment/materials stored as well as erected equipment until the same are taken over by the OMFED. The following procedure shall apply for the same:

The Contractor's inspector shall check stored and installed equipment/materials to observe signs of corrosion, damage to protective coating to parts, open ends in pipes, vessels and equipment, insulation resistance of electrical equipment etc. The Contractor shall immediately arrange a coat of protective painting whenever required. A record of all observations made on equipment, defects noticed shall be promptly communicated to the OMFED and OMFED's advice taken regarding the repairs/rectifications. The Contractor shall there upon carry out such repairs/rectifications at his own cost. In case the Contractor is not competent to carry out such repairs/rectifications, the OMFED reserves the right to get this done by other competent agencies at the Contractor's responsibility and risk and the entire cost for the same shall be recovered from the Contractor's bills.

The Contractor's inspector shall also inspect and provide lubrication to the assembled equipment. The shafts of such equipment shall be periodically rotated to prevent rusting as well as to check freeness of the same.

The Inspector shall check for any signs of moisture or rusting in any equipment.

If the commissioning of equipment is delayed after installation of the equipment, the Contractor shall carry out all protective measures suggested by the OMFED during such period.

Adequate security measures shall be taken by the Contractor to prevent theft and loss of materials under the Contractors custody. The Contractor shall carry out periodical inventory checks of the materials stored and installed by the Contractor and any loss noticed shall be immediately reported to the OMFED. A proper record of these inventories shall be maintained by the Contractor. The Contractor should not sell, assign, and mortgages, hypothecate or remove equipment or materials, which has been installed or stored at the site under Contractor's custody without the written consent of the OMFED.

Suitable grease recommended for protection of surfaces against rusting (refined from petroleum oil with lanoline minimum (70 DEG.CENT.) and water in traces) shall be applied over all equipment as required once in every three months. Quality of grease is to be approved by OMFED.

All equipment shall be stored inside a closed shed or in the open depending upon whether they are of indoor or outdoor design. Adequate storage area, as required, shall be made available by the contractor, within the site premises.

All the necessary items/goods required for protection as described above shall be arranged by the Contractor and such cost shall be included in the Contract price.

13.0 Approvals

The contractor shall obtain the necessary approvals of Factories & Boilers Inspectorate, Electrical Inspectorate, Legal Meteorology dept., Explosives Inspectorate and any other state/local authorities, as may be statutorily required or as may be directed by OMFED, and the cost of obtaining such approvals shall be included in the Contract price.

All the necessary details, drawings, submission of application and proformas will be furnished by the Contractor to the OMFED for verification/signature, and shall therefore be submitted to the appropriate authorities for approval.

The Contractor on behalf of OMFED shall submit the necessary application duly filled-in, together with the prescribed fees to the appropriate authorities. However, all the actual

statutory fees paid by the Contractor shall be reimbursed by OMFED upon production of receipt. The contractor shall also make all necessary arrangements for inspection of the works by the statutory authorities, as and when required. Cost of all such inspections shall be included in the contract price.

Whenever necessary or required, the contractor shall furnish the necessary test and/or inspection certificates etc, from the appropriate authorities as per IBR, IER and other statutory regulations and the cost of obtaining these certificates shall be included in the contract price.

In case of capacity enhancement of existing plants, the contractor shall arrange for and obtain necessary approvals, as stated herein, for the entire expanded plant, either in phases or in whole as the case may be & the cost of obtaining such approvals shall be included in the Contract price.

Any modifications or changes required or advised by the appropriate authorities during the course of inspection and/or the contractor at his own cost shall carry out approval.

14.0 Review and co-ordination of erection work

The Contractor shall depute senior and competent personnel to attend the site co-ordination meetings that would generally be held at the site every month. The Contractor shall take necessary action to implement the decisions arrived at such meetings and shall also update the erection schedule, accordingly.

SECTION -IV (A)

SPECIAL CONDITIONS OF CONTRACT

(FOR MECHANICAL INSTALLATION)

MECHANICAL INSTALLATION

The installation work would comprise of:

- a) General installation i.e. positioning and installing all the equipments as per approved layout drawings and as per the contract.
- b) Supply and installation of structural platforms and tables.
- c) Supply and installation of all service piping including ancillary items.
- d) Insulation and cladding of piping equipment and electrical auto tracing of LSHS, including supply of materials.
- e) Interconnections of services and electrical with equipment.
- f) Guide line for expansion work.
- g) Clean up of work site.
- h) Supply of all cleaning chemicals and lubricants,
- i) Testing, commissioning and start-up.
- j) Painting including supply of paints as approved by the OMFED.
- k) Training of personnel.

Detailed specifications are given in the subsequent clauses.

2.0 GENERAL INSTALLATION

2.1 Positioning of equipment.

The work involves preparation of access for moving of the plant and equipment including their fittings from the work site godown or from the place within the site where they have been unloaded, to the place of erection, decrafting and placing on the foundation wherever required. All the civil foundations as per the manufacturer / Contractor's drawings shall be arranged by the bidder. The Contractor shall place the equipment and carry out final adjustment of the foundations including alignment and dressing of foundation surface, embedding and grouting of anchor bolts and bedplates. The Contractor shall be responsible for obtaining correct reference lines for purpose of fixing the alignment of various equipment. Tolerances shall be as specified in equipment manufacturers drawings or as stipulated by the OMFED's Engineer. No equipment shall be permanently bolted down to foundations or structure until the alignment has been checked by the Contractor and witnessed by the OMFED. The Contractor shall carry out minor alterations in the anchor bolts, pockets etc., at no extra cost and set the equipment properly as per approved layout, drawings and manufacturer's instructions. The Contractor shall supply all the necessary foundation / anchor bolts and bedplates without extra cost.

The Contractor shall supply, fix and maintain, at his own cost, during the erection work, all the necessary centering, scaffolding, staging required not only for proper execution and protection of the said work but also for protection of the surrounding plant and equipment.

The Contractor shall take out and remove any or all such centering, scaffolding, staging planking etc., as occasion shall require or when ordered to do so and shall fully reinstate and make good all things disturbed during execution of the work, to the satisfaction of the OMFED. The Contractor shall be paid no additional amount for the above.

3.0 CLEANING CONDITION AND LUBRICANTS

The necessary quantities of cleaning chemicals, lubricants, etc. required for the installation and commissioning, testing and start up of all the equipment till handing over are to be supplied the contractor and nothing extra would be paid for these.

4.0 TESTING, COMMISSIONING AND START UP

4.1 The contractor shall operate, maintain and give satisfactory trial run of the plant for a period of continuous **10 days (Ten Days)** at the rated output, after satisfactory commissioning and start-up of the plant. All rectification of damages / defects and routine troubleshooting should be carried out by the contractor. The contractor shall incorporate / execute necessary minor modifications during the trial period for maximising operational efficiency. The contractor should also execute minor modifications as may be suggested by the manufacturer / OMFED. The contractor shall suggest recommended log sheet proformas for recording necessary operating data and pass it on to the OMFED in proof of satisfactory rated output and performance of the equipments / plant.

4.2 The commissioning shall also include the following for each equipment:

- 4.2.1 Field dis-assembly and assembly.**
 - 4.2.2 Clean out of lubrication system including chemical cleaning wherever required.
 - 4.2.3 Circulation of lubricant to check flow.**
 - 4.2.4 Clean out and check out of all the service lines.
 - 4.2.5 Check out and commissioning of instruments, equipment and plants, filtering of transformer and other oils so that if deteriorated, they shall attain the required properties/standards, specified tests in this regard must be carried out by approved authorities and their satisfactory reports submitted to the OMFED before start-up.
 - 4.2.6 Recharging or make-up filling of lubricant oil up to the desired level in the lubrication system of individual machine.
 - 4.2.7 Operation in empty condition to check general operation details wherever required and wherever possible.
 - 4.2.8 Closed loop dynamic testing with water wherever required.
 - 4.2.9 Operation under load and gradual load increase to attain maximum rated output.
 - 4.2.10 Trouble shooting during the trial period.
- 4.3 The Contractor shall demonstrate proper working of all mechanical and electrical controls; safety and protective device, in presence of the OMFED's engineer and the same should be duly recorded.
- 4.4 After conducting testing, in case a particular equipment is not working properly or not giving rated output the Contractor will furnish a detailed report to the OMFED stating

therein the detailed account on the performance of the equipment with possible reasons for improper or not working of the same in case such equipment is supplied by OMFED.

The OMFED after receipt of report from the Contractor would take up the matter with the manufacturers and if required would invite the representative of original manufacturers. In case the OMFED considers that the nonperformance of equipment is only due to in-experience of the Contractor, then the charges incurred for the manufacturer's representative visit would be debited to the Contractor's account.

4.5 In case of turnkey contracts, the contractor shall furnish a detailed account of the performance of all the equipments. In case any particular equipment fails to perform properly or at its rated output, then the contractor shall take up the matter with the original manufacturer, under intimation to OMFED. In case OMFED considers it necessary, the contractor shall invite, at his own cost, the technical personnel of the original manufacturer to visit the site & carry out necessary rectification/modifications to get the rated performance. In case the contractor fails to do so within 7 days of receipt of instructions from OMFED, the OMFED shall take necessary action to invite the representatives of the Original manufacturer to visit the site & the cost of such visit(s) shall be debited to the contractor's account.

4.6 Further before commencement of testing of commissioning, the OMFED reserves the right to invite the original manufacturer's representative at the cost of the Contractor for start-up help, assist and guide the Contractor during commissioning in the following cases:

- a) The Contractor has no previous experience of commissioning and start-up of the similar equipment.
- b) The OMFED is of the opinion that the Contractor is not capable to commission and start-up of certain specific equipment.

However, in either of the cases the manufacturer's representatives would be called with prior information to the Contractor and the Contractor will have to extend all co-operation to such representatives in good spirit and in the interest of the of the work.

4.7 After satisfactory commissioning and start-up the Contractor shall keep his representatives under whose supervision the OMFED's staff shall be operating and maintaining the plant and equipment for the trial run period of 30 days. The Contractor's representatives should be present at all times during the running and operation of plant and equipment. During this period the Contractor shall ensure proper working of complete plant and equipment and attend any works required to be done and shall also take complete responsibility for proper operation and maintenance of the complete plant and equipment.

5.0 PAINTING

All the equipment/machineries like motors, pumps, HT / LT panel, transformer, switch boards, starters, junction boxes, isolators, storage tanks, supporting structures, pipe supports and MS / GI pipes and all exposed and visible iron parts included in the scope off erection / commissioning shall be given double coat of paint of approved shade over a double coat of anti-corrosive primer wherever necessary.

Irrespective of the condition of original paint of equipment / machineries / structures / supports. All surfaces wherever required must be properly cleaned from scale, dirt and

grease prior to painting. Spray painting must preferably be used on all the equipment / machineries and wherever practicable. Suitable and necessary cleaning / wiping of sight / dial glasses, other non-metallic parts, flooring, walls and other surfaces which have been spoiled by paint during painting must also be carried out by the Contractor.

Lettering and other markings, including capacity and flow direction markings, shall also be carried out by the Contractor on the tanks, pipe lines, starter's, motors, isolators and wherever else necessary, as directed and as per the standard practice of installation. ISI colour codes and colour charts as mentioned in Annexure-III must be adhered to. Supply of all paints and all other materials required it included in the scope of supply of the Contractor under this contract/order.

6.0 TRAINING OF PERSONNEL

Necessary staff as may be deputed by the OMFED shall be trained by the Contractor for operating the plant. The personnel will be associated for the training during the installation, testing, commissioning, start-up and trial run period and the training tenure shall be extended for a minimum period of one month from the date of commissioning and start-up.

SECTION -IV (B)
SPECIAL CONDITIONS OF CONTACT
FOR ELECTRICAL INSTALLATION

1.0 SCOPE

The intent of this specification is to define the requirements for the installation, testing and commissioning of the electrical system like high tension switch yard with accessories and equipments, transformers, HT panels, oil circuit breakers, LT panels and power control centers, Distribution boards, capacitors and banks panels, power and control cables, remote push button stations, motors, earthing network, etc. Requirement of a particular project shall be as specified in schedule of quantities.

2.0 STANDARDS

2.1 The work shall be carried out in the best workman like manner in conformity with this specification, the relevant specification / codes of practice of the Indian Standards Institution, approved drawings and the instructions issued by the Engineer-in-charge or his authorised representatives, from time to time. Some of the relevant Indian Standards are listed in Annexure-IV.

2.2 In addition to the standards as mentioned in 2.1, all works shall also confirm to the requirements of the following:

- a) Indian electricity act and rules framed there under.
- b) Fire Insurance Regulations.
- c) Regulations laid down by the chief electrical inspector of the state / Electricity board.
- d) Regulations laid down by the factory Inspector of the state.
- e) Any other regulations laid down by the local authorities.
- f) Installation & operating manuals of original manufacturers of equipments.

3.0 EQUIPMENT AND ACCESSORIES –SPECIFICATIONS

This defines specifications and requirements mainly for the equipment and accessories which are generally supplied by the erection agencies and do not cover the specification of main electrical equipment such as Transformers, HT. and LT. panels, switchboards and motors etc. which may be supplied by the OMFED.

All materials, fittings and appliances to be supplied by the contractor shall be of best quality and shall confirm to the specification given here under. The equipment shall be manufactured in accordance with current Indian Standard Specifications wherever they exist or with the BS or NMA specifications, if no such ISS are available. In the absence of any specification, the materials shall be as approved by the OMFED or his authorized representatives.

Makes of bought out items selected by the Contractor must be furnished by him as per the Performa given in Annexure-V.

3.1 **Control Cables**

Control cables for use on 415 V system shall be of 1100 volts grade, copper conductor, PVC insulated, PVC sheathed, armored and overall PVC sheathed, strictly as per IS: 1554 (Part I) – 1976. Unarmored cable to be used only if specifically mentioned in schedule of quantities.

The size of these cables shall be as specified in schedule of quantities or as per requirement. THE MINIMUM CONDUCTOR DIAMETER SHALL BE 2.5 SQMM.

3.2 **Motor Isolators**

These shall be in Aluminum cast housing, completely dust, vermin and weather proof, suitable for 25A, 415 volts, 50 Hz with rotary type switch and reroll type metallic plug, complete with cable gland for incoming and outgoing cables. Operating hand to be of metal and final finish of housing to be buffer mirror. Sample to be got approved before supply.

Sealing System:	Continuous Heating System
Power Supply:	415V, 3 Phase 50 Hz
Material of Construction:	Main Structure & All Contact Part: AISI SS 304
Pouch Length Control:	Photocell As Well As Timer Based System
Pouch Pulling:	Belt Driven With VFD
Film Unwinding:	DC Motor Driven
Air Requirement:	6 - 8 Kg/cm ²
Nitrogen flushing system with tank	As per IS 2062

3. DUMP VAT WITH SCREW CONVEYOR FOR PRODUCT FEEDING TO HOPPER

Screw Conveyors are required to convey/distribute Milk Powder inclination (maximum 60 Deg.) for length not exceeding 15 M. These shall be of constant pitch and dust-proof design, having steel construction, flanged bearing with stuffing boxes, intermediate hanger bearings with maintenance free, self lubricated special nylon bushes, screw or paddle flights of steel of uniform pitch welded on screw shaft, necessary rectangular type inlet & outlet. Overflow flap at discharge end with limit switch, sight glass of 5 mm thick acrylic sheet to top cover near hanger bearing, bolted type baffle plate of min. 3 mm thick MS sheet of approx 400 mm long (to control the discharge of material) at just after inlet to be provided. Conveyor to be run by foot mounted horizontal geared motor and chain type direct coupling. Construction detail of various major items shall be as follows.

- Material to be Conveyed: Powder
- Diameter of the pipe 140mm Stainless Steel
 - Thickness of Pipe 3mm Stainless Steel
- Inclined 60 °
- Bearing NTN/FAG
 - Hopper Capacity 100kg to 125kg
- Hopper Sheet 2mm
- Motor with Gear Box 1.5 HP Trans Tech
 - Capacity 2 to 2.5 Ton/Hr
- All Contact Parts S S 304

4. COMPRESSED AIR PIPES & TAPPING FROM NEAREST POINT AVAILABLE AT SITE

GI "C" class up to SS air receivers.

Scope of work includes compressed air distribution piping/network from the air compressor room to consumption point. Supplier shall provide a flow meter and pressure transmitter in the main supply air header.

For pipelines sizing shall be suitable for 20 m/s velocities of the fluid.

Flanges/counter flanges shall be as per BIS standard.

5. PACKED PRODUCT CONVEYING SYSTEM (STAINLESS STEEL)

System shall comprise of belt / slat conveyers for transfer of packed products. Suitable capacity non-reversible straight conveyer shall be designed by the bidder.

6. T.T.O Printers

Print head characteristics:32mm, 200dpi, 8 dots/mm

Print area - intermittent motion mode: Up to 32mm (W) x 47mm (L)

Ribbon width:20mm - 33mm,

Maximum ribbon length:700m

Print speed* - continuous motion mode: 40mm/sec - 500mm/sec

9. SERVO STABILISER – 15KVA

Servo Voltage Stabilize	Required Single Phase Servo Voltage Stabilizer, suitable for indoor use for stabilizing the power supply to Powder packing Machine, withstand ambient temp up to 55 degree C, Oil cooled immersed in tank, control circuit for correction, suitable for balanced/ Unbalanced supply & load.
Rating	15 KVA- 3 Phase
MOC, thickness & type of structure	MS powder coated , 1.6 mm & pipe structure
Accessories for 3-phase stabilize	63A MCCB for incoming, 63A phase selector, changeover and bypass switch, LED lamps, Servo controlled correction transformer, Digital V,I,F indicator for input & output, 63 A terminal blocks, OV/UV trip with delay time, single phase preventer, static type energy meter with 10-60 A capacity, Brass metal glands, MCB's (TPN 63 A-2nos, TPN 32 A-1 no, TPN 16A-1 no), Metallic pump socket, Servo Motor.
Operating features	Cable entry from top, response time -5 milliseconds, should withstand 150% load on surge duty, capacity of terminals should be 150% of rated current, Dimmer with CRGO core, Separate Auto/manual facility, plug in type control card for each phase, correction speed-105 v/s, Efficiency 99.5%.
Winding	Copper Wound
Input Voltage	150-270V
Input Frequency	50Hz +/- 5%
Output Voltage	240V +/- 1%
First Fill Oil	Included
Cooling	ONAN
Mounting	Floor type
Indication	Mains ON indication on front panel

General Features

- Auto/ Manual Facility.
- Voltmeter/ Ampere meter on front panel.
- Solid State Control Circuit.
- High performance integrated circuit based, control system - No relays.
- Stepless Voltage correction at High speed without over shoot/hunting.
- High accuracy. No load to full load.
- Online serviceability with inter changeable plug-in Control Card.
- Burn proof/Brush less A.C. synchronous motor.
- Efficiency - better than 98.6%.
- Response time - less than 10 milli sec.

10. AIR COMPRESSOR – 5HP

Double piston two stage,
Free air deliver 14.8 cfm,
Maximum working pressure 12 kg./cm²,
Tank capacity 500liters driven by 5 hp 3 phase brand motor complete with starter, automatic pressure switch, suction filter, pressure gauge, safety valves, non-return valve, manual water drain valve and air delivery valve.

11. AIR DEHUMIDIFIER

It shall be used for dehumidifying the air. This is a finned tube heat exchanger. The supply must inclusive of necessary PID control, piping.

PRODUCT FEATURE	TECHNICAL
Computer Control Operation	Water extraction: 35L per 24 hrs
Operating Range 40% to 90% RH Continuous drain for added convenience	Airflow: 260m ³ per hour
Variable Humidity level	3L Removable Tank
Removable air filter	Power: 260W
Auto shut off feature prevents water from overflowing	Sound Level: 40 db
Power indicator	Free Accessories :
Carry handle and casters	Drain Pipe

We, (the name of the bank), do hereby undertake to pay an amount equivalent to 10% of the contract value, being the amount due and payable under this guarantee. Without any demur, merely on a demand from OMFED stating that the amount claimed is due by way of Non-performance of the contractual obligations as aforesaid by the contractor or by the reason of the contractor's failure to perform the said contractual commitments, any such demand made on the banks shall be conclusive as regards the amount due and payable by the bank under this guarantee. However, our liability under this guarantee shall be restricted to an amount not exceeding Rs. _____ (Rupees _____ only being the amount equal to 10% of the contract value.

We, the bank further agree that the performance security herein contained shall remain in full force and effect for a period of _____ calendar months from the date of the bank guarantee. (the period shall be till the end of period of maintenance) whichever is later or till the OMFED certifies that the terms and conditions of the said contract have been fully and properly carried out by the said Contractor and accordingly discharge the guarantee, unless a demand or a claim under this guarantee is made on us in writing by the OMFED on or before _____ (the date shall be 90 days after the end of the period of maintenance) we shall be discharged from all liabilities under this performance security hereafter.

We, the bank, further agree with the OMFED that the OMFED shall have the fullest liberty without our consent and without affecting in any manner our obligations hereunder to vary any of the terms and conditions of bidding document and the contract or to extend the time of performance by the said Contractor from time to time and any of the power exercisable by the OMFED against the Contractor and forbear or enforce any of the terms and conditions relating to the said bidding document and the contract and we shall not be relieved from or liability by reason of any such variation, or extension being granted to the said contractor or for any forbearance, act or omission on the part of the OMFED to the said Contractor by any such matter or thing whatsoever which under the law relating to the sureties would but for this provision have effect of so relieving us. This guarantee shall be in addition to and without prejudice to any other securities or remedies which the OMFED may have or hereafter possess in respect of the works executed or intended to be executed and the OMFED shall be under no obligation to marshal in favour of the bank any such securities or funds or asset that the OMFED may be entitled to receive or have a claim upon and the OMFED at its absolute discretion may vary, exchange, renew, modify or refuse to complete or enforce or assign any security or instrument.

The bank agrees that the amount hereby guaranteed shall be due and payable to the OMFED on serving us with a notice, requiring the payment of the amount and such notice shall be deemed to have been served on the bank either by actual delivery thereof to the bank or by dispatch thereof to the bank by registered post at the address of the bank.

Any notice sent to the bank at its address by registered post shall be deemed to have been duly served on the bank notwithstanding that the notice may not in fact have been delivered to the bank.

In order to give full effects to the provisions of this guarantee the bank hereby waives all rights inconsistent with the above Rs. _____ (Rupees _____ Only). The guarantee shall remain in force until _____ and unless the guarantee is renewed or a claim is preferred against the bank within three months from the said date (the date of expiry) all rights of the OMFED under the guarantee shall cease and the bank shall be released and discharged from all liabilities hereunder.
