The Contractor shall be entitled to receive such Certificate of Completion, on the completion, to the satisfaction of the Engineer, of the works so specified and making good any defects.

27. PENALTY:

If the work is not completed within the time of completion mentioned in Clause 1, hereof, the contractor shall have to pay @ ½% (half percent) of the contract value per week, or part thereof, subject to a maximum of 10% (Ten percent) as penalty. In the event of non-completion of work within the stipulated time, the Federation reserves the right to cancel the order and procure the materials/get the work done by engagement of other agencies/contractors or departmentally at the cost of the Contractor alongwith compensation for the delay. Such action by the Federation shall not, however, vitiate or invalidate, in any manner, the obligations of the Contractor under the Contract.

28. RESOLUTION OF DISPUTES:

a) The Federation and the contractor shall make every effort to resolve amicably by direct negotiation any disagreement or dispute arising between them under or in connection with this work. However, the decision of Managing Director, OMFED will be final & binding in case the disagreement or dispute is not resolved by mutual negotiations.

b) Legal dispute if any, concerning to this work shall be subject to such courts as exercising civil jurisdiction over Bhubaneswar only.

29.0 OMFED's right to accept any bid or reject any or all bids

The OMFED reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders or any obligation to inform the affected bidder or bidders of the grounds for OMFED's action.

30.0 Additional Security Deposit (APS followed as per OPWD rule)

Additional Performance Security (APS) shall be obtained from the bidder when the bid amount is less than estimated cost put to tender. In such an event, Only the successful bidder who has quoted less bid price/rates than the estimated cost put to tender shall have to furnish the exact percentage (as per following table) in the shape as mentioned at clause 23 within 7 (Seven) days of issue of Letter of Acceptance (LOA) (by e-mail) to the successful bidder otherwise the bid of the successful bidder shall be cancelled and the Earnest Money Deposit/Bid Security shall be forfeited. Further proceeding for Blacklisting shall be initiated against the Bidder.

Government of Odisha vide Works Department office Memorandum No. 173/W Dt. 03.01.2026 is pleased to fix the following rate of Additional Performance Security.

Sl no.	Incremental Basic of Additional Performance Security	Additional Performance Security to be deposited by the Successful bidder.
I	Below 0% but not below 10% of the Project Cost Put to bid.	No additional performance guarantee/security percentage is required
II	Below 10% but not below 20% of the	0.1% of every percentage

	Project Cost put to bid.	of bid price below 10% of the project cost put to bid starting at 11% with the additional Bid Performance Guarantee being 0.1% and the Additional Bid Performance Guarantee percentage shall be applied on the bid price.
III	Bid price is 20% or more below of the project cost put to bid.	0.2% for every percentage of bid price below 20% of the project cost put to bid in addition to 1% of the bid price and the Additional Bid Performance Guarantee Percentage shall be applied on the bid price.
IV	The additional performance guarantee percentage shall be rounded off to the next lower percentage based on whether the decimal point of the percentage of bid price is below 0.5% or next higher percentage based on whether the decimal point of the percentage of bid price is 0.5% or more.	
V	The additional performance security shall be treated as part of the performance security.	
VI	Justification for abnormally low bids shall be scrutinized by the Departmental Technical Committee and recommended to the competent authority of the Administrative Department for the approval of the additional performance security (APS) . An abnormally low bid is one in which the Bid price, in combination with other elements of the Bid, appears so low that it raises material concerns as to the capability of the Bidder to perform the contract at the offered price. Procuring Entity may , in such cases, seek written clarifications from the Bidder, including detailed price analyses of its Bid price in relation to scope, schedule, resource mobilization, allocation of risks and responsibilities, and any other requirements of the bid document. If, after evaluating the price analyses, the procuring entity determines that the Bidder has substantially failed to demonstrate its capability to deliver the contract at the offered price, the Procuring Entity may reject the Bid/Proposal. However, it would not be advisable automatically be considered as an abnormally low bid.

- a) The bidder shall bear all costs associated with the preparation and submission of his bid, and the Engineer-in-Charge will in no case be responsible and liable for those costs.
- b) All the rates and prices in the bid shall cover all local taxes, Cess, ferry, tollage charges, royalties, GST any other charges.
- c) The rate of royalties and taxes prevailing on the date of measurement shall be considered while making deductions in the bills.
- d) The successful bidder shall make his own arrangement for all materials unless Otherwise specified in the conditions of contract.

2.0 TAXES

- (i) The rate shall include, GST, royalty, EMF&DMF Labour cess, local (authority) taxes which is to be deposited by the contractor.
- (ii) TDS under Income Tax and TDS under GST shall be deducted as per the rule.
- (iii) All the payment are subject to deduction of statutory dues as applicable.

3.0 Store

The Contractor shall at his own cost provide a temporary material store of suitable size for the materials to be issued to him during the work and shall provide electrical connection to the same. The structure shall be removed after the completion of work, by the Contractor, at his own cost.

4.0 Water/Electric For Construction and Other Use

- 4.1 Unless otherwise specified the Contractor shall make his own arrangement for water for the work and nothing extra shall be paid for the same.
- 4.2 The water used by the Contractor shall be fit for drinking as well as construction purposes to the satisfaction of the Engineer/OMFED.
- 4.3 In case the OMFED supplies water, it shall be on the following conditions:
 - a. Water/electric charges @ 0.5 % shall be recovered from the gross amount of work done from each Interim bill.
 - b. The water shall be provided at one point in the site at the discretion of the Engineer. The Contractor shall make his own arrangement for water connection and distribution pipe lines in the construction area.
 - c. The OMFED shall not guarantee the maintenance of uninterrupted water supply. It will be the responsibility of the Contractor to make alternative arrangements for water supply at his own cost in the event of any disruption of supply so that the progress of work is not affected for want of water. No claim or damage or refund of water charges shall be entertained on account of such disruptions.

5.0 Temporary Works

All temporary sheds, godowns, office etc required for storage/safe custody of materials and for Contractor's supervisory personnel at site shall be accounted for in the bid.

SECTION III

MATERIAL TO BE SUPPLIED BY THE BIDDER

Bidder will supply required cement and steel for construction work to completion the work.

Particulars	Unit	Rate at which material Will be supplied By Contractor.	Make/ Brand
Cement*	Per Bag		ULTRATECH ACC KONARK PCC GADE
Steel	Per Ton		TATA RINL SAIL

* The empty cement bag will become the property of the Contractor

1.0 Wastage

a) Cement

On completion of work, the theoretical consumption shall be worked out. Cost of cement issued, upto 105% of theoretical consumption shall be recovered at normal issue rate. If the actual consumption of cement exceeds the theoretical consumption by more than 5% shall be recovered at an enhanced rate of 2 times the issue rate or double the prevailing market rate if the material is issued free of charge.

b) Mild or Tor steel

Maximum wastage permitted will be 5% of the theoretical consumption. If the wastage is more than 5% of the steel billed for, then the excess wastage above 5% limit shall be recovered at an enhanced rate of 2 times the issue rate or double the prevailing market rate if the material is issued free of charge.

2.0 ROLLING MARGIN

2.1 Procedure for testing & recording of steel issued random sample,

minimum 3 samples per consignment of 10 MT or less shall be taken and the average of these tests shall be taken as governing coefficient for a consignment.

- 2.2 Sample shall be taken jointly & immediately upon the arrival of the consignment and suitably marked and identified samples shall be kept in safe custody of the engineer for future verification if required.
- 2.3 Records to be maintained clearly, showing consignment date supplier quantity of steel received and the area where the steel is used along with test result.
- 2.4 Compensation towards the rolling weight difference shall be considered only in case the actual total wastage is considered only in case the actual total wastage is more than 5% of the consumption as per the interim bill for the quantity of the round bar and for steel used. No compensation shall be considered in individual categories of steel bars, where the wastage is 5% or less.
- 2.5 The permissible wastage of 5 % is deemed to take in to account the 2.5% difference on account of rolling difference and 2.5% towards the wastage and therefore no compensation shall be considered up to 2.5 % difference in rolling margin.
- 2.6 The compensation shall be worked out lot wise as under:-

The excess weight on account of the rolling weight difference of more than 2.5% shall be calculated per consignment i.e. if the actual weight per meter length as per the test result is "a" kg/metre as against the Theoretical unit weight "a", kg/m for a consignment of "w" ; then

$100 \times (a/t) - 1) = x\%$ shall be the difference on account of the rolling difference.

$W \times (x - 2.5) / 100$ MT shall be deducted from the gross issue for the purpose of recovery of steel issued.

On no account this difference shall be considered for the payment as per item rates for fabrication of reinforcement steel works.

The above calculation shall be done for each individual lot separately , subject to the clause 2.4 & 2.5 hereof and the total for all such lots, where there is more than 2.5% variation in rolling weight, shall be considered.

However, the total quantity to be considered for the reduction towards the rolling margin from the total quantity issued shall be limited to the gross wastage in excess of 5% of the net consumption of steel.
